

APPLICATION FORM FOR ELECTRICITY GENERATORS SEEKING ELECTRICITY OPERATOR STATUS

(Section 4A Electricity Act 1992)

Background:

In accordance with section 4A(1) of the Electricity Act 1992, the Minister may declare a person an electricity operator for the purposes of this Act or any provision or provisions of this Act if the Minister is satisfied that the declaration is necessary to enable the person to commence or carry on an activity as an electricity generator; and that the business interests for which the declaration is made are limited to works necessary to convey the electricity generated to an electricity installation owned by an electricity generator, electricity distributor or a consumer.

Please answer all parts of this standard form and provide as much supporting evidence as possible to satisfy the application criteria. The applicant should be able to show that it is necessary that they are granted electricity operator status. The applicant should provide an explanation or commentary discussing why operator status is sought and the objectives of the work proposed having regard to whether it crosses road or rail.

You may use extra pages to complete your answer if necessary. Please attach these to your application.

1. Full legal name of applicant, including trading name (i.e. the entity applying for electricity operator status):

2. Full address of applicant:

3. Contact details including contact name, address for correspondence, phone, and e-mail:

4. Under which provision or provisions of the Electricity Act is the electricity operator status applied for?

The relevant Electricity Act provisions are:

- Section 23 – Rights of entry in respect of existing works
- Section 24 – Construction or maintenance of works on the roads
- Section 31 – Rights of entry in respect of level crossings

Provision(s): _____

If you are applying under “for all the purposes of the Act, including for the purpose of line function services” then please explain the reasons and provide relevant evidence:

5. For each provision applied under at question 3, describe the activities intended to be undertaken using the declaration, and how these activities relate to enabling the applicant to commence or carry on an activity as an electricity generator.

Provision: _____

Proposed activities:

Explain how these activities relate to enabling the applicant to commence or carry on an activity as an electricity generator
