Is this an individual submission or on behalf of a group or organisation?

Individual

Please indicate which group you most identify with or are involved in?

General public

Please specify the group that you most identify with

Please indicate which type of group your submission represents.

Please specify the group or organisation that your submission is on behalf of.

Vision

Do you agree or disagree with the overall vision for the minerals and petroleum sector in New Zealand?

Neither agree nor disagree

Why?

petroleum as different risks for climate change than minerals

What is your vision for the minerals and petroleum sector in New Zealand?

keep fossil fuels in the ground and consider recapture and recycling as a pilsr if an ethical and sustainable minerals strategy

How can New Zealand sustainably derive value from its petroleum and minerals resources?

as above

Objectives for the minerals and petroleum sector

Objective for a sector that: "Responsibly delivers value for New Zealand (a) Supporting a productive, sustainable and inclusive economy (b) Supporting New Zealand's transition to a carbon neutral economy".

Agree

Why?

more so fkr minetals. disagree for petroleum as is innately unsustainable

Objective for a sector that: "Is productive and innovative".

Disagree

Why?

better to be less productive for carbon fossil fuels

Objective for a sector that: “Is effectively regulated”.

Strongly agree

Why?

overcome powerful self interests

Are there any other objectives for the minerals and petroleum sector that you would like us to consider in the strategy?

as above

Guiding principles

Principle: The environment, ecosystems, and biodiversity are respected now and in the long term.

Strongly agree

Why?

put the environment and sustainability at the core

Principle: Māori cultural interests are understood and respected.

Strongly agree

Why?

kaitiakitanga

Principle: Support the transition to a carbon neutral economy by 2050.

Strongly agree

Why?

national and international benefit

Principle: The impact on people, communities and regions are managed in a just and inclusive way.

Strongly agree

Why?

rebalance vested interests and \$

Principle: Support a circular economy by meeting resource needs through resource efficiency, recycling and reuse.

Strongly agree

Why?

a long term goal that starts now

Principle: Actions taken within the mineral and petroleum sector should align with the strategic direction of other related sectors and Government strategies.

Agree

Why?

only if the other strategies are ethical sustainability

Do you agree or disagree with each of the following principles for the Crown?

Principle: The Crown honours its duty towards Māori as a Treaty partner, adheres to the Principles of the Treaty of Waitangi and its duty to meet settlement commitments.

Strongly agree

Why?

treaty requirement

Principle: The Crown receives a fair financial return for its minerals and petroleum.

Disagree

Why?

risk of money overcoming higher priorities

Principle: The Crown regulates in a way that is fair, transparent, reasonable and proportionate.

Agree

Why?

reasonable

Principle: The Crown honours the rights of current permit holders to continue production or exploration activities under existing permits.

Disagree

Why?

keep oil and coal in the ground. stop further exploration

Principle: The Crown makes policy decisions based on the best evidence, and accounting for the foreseeable need for minerals and petroleum, both now and for future generations.

Agree

Why?

balance transition to reach end goal not delay it

Principle: The Crown proactively engages and consults with relevant stakeholders and decisions are communicated in a clear and transparent way.

Agree

Why?

reasonable

Do you agree or disagree with each of the following principles for Industry?

Principle: Pursue continuous improvements in health and safety.

Agree

Why?

as part of their wind down and shift to renewables

Principle: Strive to implement industry best practice in operations.

Agree

Why?

but not excesses or lobbying for self interest

Principle: Seek innovative ways to improve the resource efficiency of extraction operations; and minimise the negative impacts of these operations.

Agree

Why?

as part of reduction and move to renewables

Principle: Engage with stakeholders and implement management systems to understand and manage impacts, and realise opportunities for redress where needed.

Agree

Why?

as part of decline of oil and coal

Are there any other principles you would like us to consider in the strategy?

carbon neutral and sequestration in healthy soil and with regenerative agriculture

Action areas intro

Action Area: Modernising the Crown Minerals Act

Agree

Why?

you centre it on carbon neutral not further expansion of fossil fuel extraction

What future actions would you like us to consider under this Action Area?

carbon neutral vision

Action Area: Securing affordable resources to meet our minerals and energy needs

Agree

Why?

but shifting to renewables not BAU

What future actions would you like us to consider under this Action Area?

carbon neutral vision

Action Area: Improving Treaty partnership

Strongly agree

Why?

the treaty

What future actions would you like us to consider under this Action Area?

Action Area: Improving stakeholder and community engagement

Agree

Why?

reasonable but not if stakeholders outgun public interest in face of climate change

What future actions would you like us to consider under this Action Area?

Action Area: Improving industry compliance

Agree

Why?

including laws that take us to carbon neutral

What future actions would you like us to consider under this Action Area?

Action Area: Research and investment in better mining and resource use

Neither agree nor disagree

Why?

not if it expands extraction of oil gas coal

What future actions would you like us to consider under this Action Area?

Are there any other action areas you would like us to consider as part of advancing this Strategy?

Other

Are there any other comments you would like to make about the “Minerals and Petroleum Strategy for Aotearoa New Zealand: 2019-2029”?

If you wish to, attach a document to this submission.

Use and release of information

We intend to upload submissions to our website at www.mbie.govt.nz. Can we include your submission on the website?

Yes

Can we include your name?

No

Can we include your email address?

No

Can we include your business name or organisation?

No

Can we include your position title?

No

Can we include the group you most identify with (if submitting as an individual)?

Yes

Can we include the group your submission represents (if submitting on behalf of a group or organisation)?

If there are any other parts to your submission that you do not want public on the website please note them below:
