**Business name or organisation (if applicable):**

**Position title (if applicable):**

**Is this an individual submission or on behalf of a group or organisation?**

Privacy of natural persons

**Please indicate which group you most identify with or are involved in?**

Privacy of natural persons

**Please specify the group that you most identify with**

**Please indicate which type of group your submission represents.**

**Please specify the group or organisation that your submission is on behalf of.**

**Vision**

**Do you agree or disagree with the overall vision for the minerals and petroleum sector in New Zealand?**

Strongly disagree

**Why?**

Fossil fuels have no place in future society. Quite simply they are converted to CO2 and heating the planet

**What is your vision for the minerals and petroleum sector in New Zealand?**

Leave fossil fuels in the ground. Mine other minerals with sensitivity to the natural world

**How can New Zealand sustainably derive value from its petroleum and minerals resources?**

By leaving fossil fuels in the ground

**Objectives for the minerals and petroleum sector**

**Objective for a sector that: “Responsibly delivers value for New Zealand (a) Supporting a productive, sustainable and inclusive economy (b) Supporting New Zealand's transition to a carbon neutral economy”.**

Strongly disagree

**Why?**

We dont need a "carbon neutral" economy . The planet needs a "carbon negative" economy. The term "carbon neutral" allows polluters to carry on business as usual and plant a few trees

**Objective for a sector that: “Is productive and innovative”.**

Strongly disagree

**Why?**

This is Green washing talk to allow "business as usual"

**Objective for a sector that: "Is effectively regulated".**

Strongly disagree

**Why?**

most industry is internally regulated , which means "not regulated much"

**Are there any other objectives for the minerals and petroleum sector that you would like us to consider in the strategy?**

LEAVE IT IN THE GROUND

**Guiding principles**

**Principle: The environment, ecosystems, and biodiversity are respected now and in the long term.**

Strongly agree

**Why?**

So future generations can exist

**Principle: Māori cultural interests are understood and respected.**

Strongly agree

**Why?**

Tangata whenua

**Principle: Support the transition to a carbon neutral economy by 2050.**

Strongly disagree

**Why?**

Carbon-neutral is a worthless term used by countless organisations to justify business as usual. It is the easy green-washing phrase . 2050 is far too late for any action and the use of the year 2050 as target for meaningful action is another excuse for business as usual today . This rhetoric has been used for the last 20 - 30 years and co2 emissions are still rising

**Principle: The impact on people, communities and regions are managed in a just and inclusive way.**

Strongly agree

**Why?**

**Principle: Support a circular economy by meeting resource needs through resource efficiency, recycling and reuse.**

Strongly disagree

**Why?**

The emphasis needs to be on massive reduction of resource use. "Recycling " as we know it is mostly carbon intensive and again is used as an excuse for "business as usual"

**Principle: Actions taken within the mineral and petroleum sector should align with the strategic direction of other related sectors and Government strategies.**

Strongly disagree

**Why?**

We should not have a "Petroleum sector".

**Do you agree or disagree with each of the following principles for the Crown?**

**Principle: The Crown honours its duty towards Māori as a Treaty partner, adheres to the Principles of the Treaty of Waitangi and its duty to meet settlement commitments.**

Strongly agree

**Why?**

The air and water have never been more polluted then they are today

**Principle: The Crown receives a fair financial return for its minerals and petroleum.**

Strongly disagree

**Why?**

LEAVE IT IN THE GROUND

**Principle: The Crown regulates in a way that is fair, transparent, reasonable and proportionate.**

Neither agree nor disagree

**Why?**

**Principle: The Crown honours the rights of current permit holders to continue production or exploration activities under existing permits.**

Strongly disagree

**Why?**

THE PLANET IS WARMING AT AN ALARMING RATE. HAVE YOU NOTICED

**Principle: The Crown makes policy decisions based on the best evidence, and accounting for the foreseeable need for minerals and petroleum, both now and for future generations.**

Strongly disagree

**Why?**

SEE ABOVE

**Principle: The Crown proactively engages and consults with relevant stakeholders and decisions are communicated in a clear and transparent way.**

Strongly disagree

**Why?**

SEE ABOVE

**Do you agree or disagree with each of the following principles for Industry?**

**Principle: Pursue continuous improvements in health and safety.**

Strongly agree

**Why?**

**Principle: Strive to implement industry best practice in operations.**

Neither agree nor disagree

**Why?**

**Principle: Seek innovative ways to improve the resource efficiency of extraction operations; and minimise the negative impacts of these operations.**

**Why?**

LEAVE IT IN THE GROUND

**Principle: Engage with stakeholders and implement management systems to understand and manage impacts, and realise opportunities for redress where needed.**

Neither agree nor disagree

**Why?**

**Are there any other principles you would like us to consider in the strategy?**

LOOK AFTER THE PLANET

**Action areas intro**

**Action Area: Modernising the Crown Minerals Act**

Strongly agree

**Why?**

FOSSIL FUELS HAVE NO FUTURE

**What future actions would you like us to consider under this Action Area?**

LEAVE FOSSIL FUELS IN THE GROUND

**Action Area: Securing affordable resources to meet our minerals and energy needs**

Strongly agree

**Why?**

RENEWABLES FOR ENERGY

**What future actions would you like us to consider under this Action Area?**

RENEWABLES ONLY

**Action Area: Improving Treaty partnership**

Neither agree nor disagree

**Why?**

**What future actions would you like us to consider under this Action Area?**

**Action Area: Improving stakeholder and community engagement**

Neither agree nor disagree

**Why?**

**What future actions would you like us to consider under this Action Area?**

**Action Area: Improving industry compliance**

Neither agree nor disagree

**Why?**

**What future actions would you like us to consider under this Action Area?**

**Action Area: Research and investment in better mining and resource use**

Strongly agree

**Why?**

RAPID TRANSITION TO RENEWABLES NEEDED

**What future actions would you like us to consider under this Action Area?**

**Are there any other action areas you would like us to consider as part of advancing this Strategy?**

**Other**

**Are there any other comments you would like to make about the “Minerals and Petroleum Strategy for Aotearoa New Zealand: 2019-2029”?**

LEAVE IT IN THE GROUND

**If you wish to, attach a document to this submission.**

**Use and release of information**

**We intend to upload submissions to our website at [www.mbie.govt.nz](http://www.mbie.govt.nz). Can we include your submission on the website?**

Yes

**Can we include your name?**

No

**Can we include your email address?**

No

**Can we include your business name or organisation?**

**Can we include your position title?**

**Can we include the group you most identify with (if submitting as an individual)?**

No

**Can we include the group your submission represents (if submitting on behalf of a group or organisation)?**

**If there are any other parts to your submission that you do not want public on the website please note them below:**

**OIA publishing warning**

**If there is information in your submission that you wish to remain confidential, please note them below:**
