Vision

Do you agree or disagree with the overall vision for the minerals and petroleum sector in New Zealand?

Strongly disagree

Why?

Minerals and petroleum are earthbound carbon and should stay where they are.

What is your vision for the minerals and petroleum sector in New Zealand?

To be wound down

How can New Zealand sustainably derive value from its petroleum and minerals resources?

By leaving them in the earth and not mining them.

Objectives for the minerals and petroleum sector

Objective for a sector that: “Responsibly delivers value for New Zealand (a) Supporting a productive, sustainable and inclusive economy (b) Supporting New Zealand's transition to a carbon neutral economy”.

Disagree

Why?

I disagree with (a) and are with (b)

Objective for a sector that: “Is productive and innovative”.

Strongly disagree

Why?

Fossile carbon should remain in the earth

Objective for a sector that: “Is effectively regulated”.

Strongly agree

Why?

Permits to mine and extract should be phased out.

Are there any other objectives for the minerals and petroleum sector that you would like us to consider in the strategy?

Strongly agree

Why?

The Crown needs to receive at least 50% for the remaining mining permits

Principle: The Crown regulates in a way that is fair, transparent, reasonable and proportionate.

Strongly agree

Why?

Stopping with mining is fair and reasonable

Principle: The Crown honours the rights of current permit holders to continue production or exploration activities under existing permits.

Agree

Why?

But needs to be phased out

Principle: The Crown makes policy decisions based on the best evidence, and accounting for the foreseeable need for minerals and petroleum, both now and for future generations.

Disagree

Why?

Fossil carbon needs to remain in the earth

Principle: The Crown proactively engages and consults with relevant stakeholders and decisions are communicated in a clear and transparent way.

Agree

Why?

Always good

Do you agree or disagree with each of the following principles for Industry?

Principle: Pursue continuous improvements in health and safety.

Disagree

Why?

Just wind down mining and extraction

Principle: Strive to implement industry best practice in operations.

Agree

Why?

Safely wind down mining and extraction

Principle: Seek innovative ways to improve the resource efficiency of extraction operations; and minimise the negative impacts of these operations.

Strongly agree

Why?

Very safely wind down mining and extraction

Principle: Engage with stakeholders and implement management systems to understand and manage impacts, and realise opportunities for redress where needed.

Strongly disagree

Why?

Mining and extraction needs to be ceased asap.
