Vision

Do you agree or disagree with the overall vision for the minerals and petroleum sector in New Zealand?

Strongly disagree

Why?

Climate change means we should stop using petroleum immediately.

What is your vision for the minerals and petroleum sector in New Zealand?

Extinction

How can New Zealand sustainably derive value from its petroleum and minerals resources?

It shouldn't

Objectives for the minerals and petroleum sector

Objective for a sector that: "Responsibly delivers value for New Zealand (a) Supporting a productive, sustainable and inclusive economy (b) Supporting New Zealand's transition to a carbon neutral economy".

Strongly agree

Why?

We need to be carbon neutral as soon as possible. It's a crisis!

Objective for a sector that: "Is productive and innovative".

Strongly disagree

Why?

It's a sector that should cease to be

Objective for a sector that: "Is effectively regulated".

Strongly agree

Why?

It should be regulated out of existence

Are there any other objectives for the minerals and petroleum sector that you would like us to consider in the strategy?

Guiding principles

Principle: The environment, ecosystems, and biodiversity are respected now and in the long term.

Strongly agree

Why?

We depend on them for life

Principle: Māori cultural interests are understood and respected.

Strongly agree

Why?

It's the ethical thing to do

Principle: Support the transition to a carbon neutral economy by 2050.

Strongly agree

Why?

In fact that's way too slow. Aim for 2025!

Principle: The impact on people, communities and regions are managed in a just and inclusive way.

Strongly agree

Why?

Principle: Support a circular economy by meeting resource needs through resource efficiency, recycling and reuse.

Strongly agree

Why?

Principle: Actions taken within the mineral and petroleum sector should align with the strategic direction of other related sectors and Government strategies.

Strongly agree

Why?

Do you agree or disagree with each of the following principles for the Crown?

Principle: The Crown honours its duty towards Māori as a Treaty partner, adheres to the Principles of the Treaty of Waitangi and its duty to meet settlement commitments.

Strongly agree

Why?

Principle: The Crown receives a fair financial return for its minerals and petroleum.

Strongly disagree

Why?

Blood money! Petroleum is destroying the planet. Government should not support this or gain revenue from it in any way.

Principle: The Crown regulates in a way that is fair, transparent, reasonable and proportionate.

Neither agree nor disagree

Why?

Principle: The Crown honours the rights of current permit holders to continue production or exploration activities under existing permits.

Strongly disagree

Why?

Again: it's an environmental crisis.

Principle: The Crown makes policy decisions based on the best evidence, and accounting for the foreseeable need for minerals and petroleum, both now and for future generations.

Strongly disagree

Why?

If petroleum exploitation isn't stopped there won't be future generations!

Principle: The Crown proactively engages and consults with relevant stakeholders and decisions are communicated in a clear and transparent way.

Strongly agree

Why?

Do you agree or disagree with each of the following principles for Industry?

Principle: Pursue continuous improvements in health and safety.

Strongly agree

Why?

Principle: Strive to implement industry best practice in operations.

Strongly agree

Why?

Principle: Seek innovative ways to improve the resource efficiency of extraction operations; and minimise the negative impacts of these operations.

Strongly agree

Why?

Principle: Engage with stakeholders and implement management systems to understand and manage impacts, and realise opportunities for redress where needed.

Neither agree nor disagree

Why?

Are there any other principles you would like us to consider in the strategy?

It's an environmental crisis. Prioritise accordingly.
