Vision

Do you agree or disagree with the overall vision for the minerals and petroleum sector in New Zealand?

Agree

Why?

What is your vision for the minerals and petroleum sector in New Zealand?

How can New Zealand sustainably derive value from its petroleum and minerals resources?

Objectives for the minerals and petroleum sector

Objective for a sector that: “Responsibly delivers value for New Zealand (a) Supporting a productive, sustainable and inclusive economy (b) Supporting New Zealand's transition to a carbon neutral economy”.

Agree

Why?

Objective for a sector that: “Is productive and innovative”.

Agree

Why?

Objective for a sector that: “Is effectively regulated”.

Agree

Why?

Are there any other objectives for the minerals and petroleum sector that you would like us to consider in the strategy?

Guiding principles

Principle: The environment, ecosystems, and biodiversity are respected now and in the long term.

Strongly agree

Why?

I believe this is crucial for New Zealand for uncountable number of reasons

Principle: Māori cultural interests are understood and respected.

Agree

Why?

Principle: Support the transition to a carbon neutral economy by 2050.

Strongly agree

Why?

But should be faster as the impact of climate change are already being seen and we in New Zealand should be leading the way!!

Principle: The impact on people, communities and regions are managed in a just and inclusive way.

Agree

Why?

Principle: Support a circular economy by meeting resource needs through resource efficiency, recycling and reuse.

Strongly agree

Why?

Very important

Principle: Actions taken within the mineral and petroleum sector should align with the strategic direction of other related sectors and Government strategies.

Agree

Why?

Do you agree or disagree with each of the following principles for the Crown?

Principle: The Crown honours its duty towards Māori as a Treaty partner, adheres to the Principles of the Treaty of Waitangi and its duty to meet settlement commitments.

Agree

Why?

Principle: The Crown receives a fair financial return for its minerals and petroleum.

Agree

Why?

Principle: The Crown regulates in a way that is fair, transparent, reasonable and proportionate.

Agree

Why?

Principle: The Crown honours the rights of current permit holders to continue production or exploration activities under existing permits.

Strongly disagree

Why?

We cannot afford to continue to search for petroleum, as we cannot use the petroleum the world has already if we are to stop the effects of climate change. Therefore we need to work with these companies to transition away from further exploration.

Principle: The Crown makes policy decisions based on the best evidence, and accounting for the foreseeable need for minerals and petroleum, both now and for future generations.

Agree

Why?

Principle: The Crown proactively engages and consults with relevant stakeholders and decisions are communicated in a clear and transparent way.

Agree

Why?

Do you agree or disagree with each of the following principles for Industry?

Principle: Pursue continuous improvements in health and safety.

Strongly agree

Why?

Principle: Strive to implement industry best practice in operations.

Strongly agree

Why?

Principle: Seek innovative ways to improve the resource efficiency of extraction operations; and minimise the negative impacts of these operations.

Strongly agree

Why?

But also need to stop any harmful or non-sensical extraction that is occurring.

Principle: Engage with stakeholders and implement management systems to understand and manage impacts, and realise opportunities for redress where needed.

Strongly agree

Why?

Are there any other principles you would like us to consider in the strategy?

Other

Are there any other comments you would like to make about the “Minerals and Petroleum Strategy for Aotearoa New Zealand: 2019-2029”?

We should stop all extraction of petroleum now as the world already can not use the petroleum already extracted if we are to prevent the catastrophic effects of climate change. New Zealand needs to take the lead for the world.

It will also be financially beneficially for New Zealand to lead the way in research and development of clean energy etc.
