Vision

Do you agree or disagree with the overall vision for the minerals and petroleum sector in New Zealand?

Disagree

Why?

it doesn't place enough emphasis on sustainability the the recognition of finite resources

What is your vision for the minerals and petroleum sector in New Zealand?

A minerals and petroleum sector that leads the world in a zero-emission, minimal impact transition away from extraction

How can New Zealand sustainably derive value from its petroleum and minerals resources?

By carefully considering the life cycle of every element, and not extracting where it is not intergenerationally sustainable

Objectives for the minerals and petroleum sector

Objective for a sector that: "Responsibly delivers value for New Zealand (a) Supporting a productive, sustainable and inclusive economy (b) Supporting New Zealand's transition to a carbon neutral economy".

Agree

Why?

Good, although should have more urgency and a deadline for neutrality

Objective for a sector that: "Is productive and innovative".

Disagree

Why?

it should carefully consider production

Objective for a sector that: “Is effectively regulated”.

Strongly agree

Why?

regulation is essential to ensure sustainability

Are there any other objectives for the minerals and petroleum sector that you would like us to consider in the strategy?

Guiding principles

Principle: The environment, ecosystems, and biodiversity are respected now and in the long term.

Strongly agree

Why?

Principle: Māori cultural interests are understood and respected.

Strongly agree

Why?

Principle: Support the transition to a carbon neutral economy by 2050.

Agree

Why?

Sooner is better

Principle: The impact on people, communities and regions are managed in a just and inclusive way.

Strongly agree

Why?

Principle: Support a circular economy by meeting resource needs through resource efficiency, recycling and reuse.

Strongly agree

Why?

Principle: Actions taken within the mineral and petroleum sector should align with the strategic direction of other related sectors and Government strategies.

Strongly agree

Why?

Do you agree or disagree with each of the following principles for the Crown?

Principle: The Crown honours its duty towards Māori as a Treaty partner, adheres to the Principles of the Treaty of Waitangi and its duty to meet settlement commitments.

Agree

Why?

Principle: The Crown receives a fair financial return for its minerals and petroleum.

Disagree

Why?

Principle: The Crown regulates in a way that is fair, transparent, reasonable and proportionate.

Agree

Why?

Principle: The Crown honours the rights of current permit holders to continue production or exploration activities under existing permits.

Disagree

Why?

The knowledge of the climate crisis is grounds to reconsider existing permits

Principle: The Crown makes policy decisions based on the best evidence, and accounting for the foreseeable need for minerals and petroleum, both now and for future generations.

Agree

Why?

It should actively work to transition away from the liner economy's need for continual extraction

Principle: The Crown proactively engages and consults with relevant stakeholders and decisions are communicated in a clear and transparent way.

Agree

Why?

Do you agree or disagree with each of the following principles for Industry?

Principle: Pursue continuous improvements in health and safety.

Strongly agree

Why?

Principle: Strive to implement industry best practice in operations.

Neither agree nor disagree

Why?

this is so vague, it's literally saying 'should we do a good thing'

Principle: Seek innovative ways to improve the resource efficiency of extraction operations; and minimise the negative impacts of these operations.

Disagree

Why?

efficiency cannot be taken to a zero, therefore there should be work to transition away

Principle: Engage with stakeholders and implement management systems to understand and manage impacts, and realise opportunities for redress where needed.

Agree

Why?

Are there any other principles you would like us to consider in the strategy?
