### Vision

### Do you agree or disagree with the overall vision for the minerals and petroleum sector in New Zealand?

Strongly disagree

### Why?

While we still depend heavily on coal, oil and gas, we have only a decade or so to replace them with carbon free energy sources.

### What is your vision for the minerals and petroleum sector in New Zealand?

They should help in this change.

### How can New Zealand sustainably derive value from its petroleum and minerals resources?

We will still need to derive some chemicals from petroleum sources but should aim at all green energy.

### Objectives for the minerals and petroleum sector

### Objective for a sector that: "Responsibly delivers value for New Zealand (a) Supporting a productive, sustainable and inclusive economy (b) Supporting New Zealand's transition to a carbon neutral economy".

Strongly agree

### Why?

### Objective for a sector that: "Is productive and innovative".

Agree

### Why?

### Objective for a sector that: "Is effectively regulated".

Strongly agree

### Why?

Because this sector puts profit first and will not change voluntarily.

Strongly disagree

**Why?**

A safe future comes before financial returns.

**Principle: The Crown regulates in a way that is fair, transparent, reasonable and proportionate.**

Agree

**Why?**

The crown should be as fair as it can but to get a safe future it must be tough on some sectors.

**Principle: The Crown honours the rights of current permit holders to continue production or exploration activities under existing permits.**

Strongly disagree

**Why?**

as above

**Principle: The Crown makes policy decisions based on the best evidence, and accounting for the foreseeable need for minerals and petroleum, both now and for future generations.**

Strongly disagree

**Why?**

I could only agree if the best evidence is about a safe future.
