Vision

Do you agree or disagree with the overall vision for the minerals and petroleum sector in New Zealand?

Agree

Why?

We must transition to low use of fossil fuel in New Zealand. We need to stop to stop importing fuel and extract only what New Zealand needs in this interim period.

What is your vision for the minerals and petroleum sector in New Zealand?

No imported fossil fuel. A reduction in amount extracted from own resources. No foreign firms extracting minerals, gas, coal or petroleum in New Zealand

How can New Zealand sustainably derive value from its petroleum and minerals resources?

By extracting only what it needs in the transition to low fossil fuel use.

Objectives for the minerals and petroleum sector

Objective for a sector that: "Responsibly delivers value for New Zealand (a) Supporting a productive, sustainable and inclusive economy (b) Supporting New Zealand's transition to a carbon neutral economy".

Strongly agree

Why?

Objective for a sector that: "Is productive and innovative".

Agree

Why?

Conservatively productive and innovative. Not just for profit

Objective for a sector that: "Is effectively regulated".

Strongly agree

Why?

There needs to be a reduction in operations and production in this sector.

Are there any other objectives for the minerals and petroleum sector that you would like us to consider in the strategy?

Strongly supporting goals for a carbon neutral economy

Guiding principles

Principle: The environment, ecosystems, and biodiversity are respected now and in the long term.

Strongly agree

Why?

Principle: Māori cultural interests are understood and respected.

Agree

Why?

Principle: Support the transition to a carbon neutral economy by 2050.

Strongly agree

Why?

A date of 2040 would be preferable

Principle: The impact on people, communities and regions are managed in a just and inclusive way.

Strongly agree

Why?

Principle: Support a circular economy by meeting resource needs through resource efficiency, recycling and reuse.

Strongly agree

Why?

Principle: Actions taken within the mineral and petroleum sector should align with the strategic direction of other related sectors and Government strategies.

Strongly agree

Why?

Especially conservation and carbon- neutral strategies

Do you agree or disagree with each of the following principles for the Crown?

Principle: The Crown honours its duty towards Māori as a Treaty partner, adheres to the Principles of the Treaty of Waitangi and its duty to meet settlement commitments.

Neither agree nor disagree

Why?

The crown must consider the needs of all people in our community

Principle: The Crown receives a fair financial return for its minerals and petroleum.

Strongly agree

Why?

Profits should not go off-shore

Principle: The Crown regulates in a way that is fair, transparent, reasonable and proportionate.

Strongly agree

Why?

Principle: The Crown honours the rights of current permit holders to continue production or exploration activities under existing permits.

Neither agree nor disagree

Why?

There may be a need to reconsider these in the light of current priorities in New Zealand

Principle: The Crown makes policy decisions based on the best evidence, and accounting for the foreseeable need for minerals and petroleum, both now and for future generations.

Strongly agree

Why?

Principle: The Crown proactively engages and consults with relevant stakeholders and decisions are communicated in a clear and transparent way.

Agree

Why?

Weight needs to be given to the needs of New Zealanders and the urgent priority for reduction in use of fossil fuel.

Do you agree or disagree with each of the following principles for Industry?

Principle: Pursue continuous improvements in health and safety.

Strongly agree

Why?

Principle: Strive to implement industry best practice in operations.

Strongly agree

Why?

Principle: Seek innovative ways to improve the resource efficiency of extraction operations; and minimise the negative impacts of these operations.

Strongly agree

Why?

Principle: Engage with stakeholders and implement management systems to understand and manage impacts, and realise opportunities for redress where needed.

Strongly agree

Why?

Are there any other principles you would like us to consider in the strategy?
