**Vision**

**Do you agree or disagree with the overall vision for the minerals and petroleum sector in New Zealand?**

Strongly disagree

**Why?**

i believe that our dependence on fossil fuels needs to come to an end as soon as possible. we need to be investing in the development of wind and solar power support and encourage people in financialways to use public transport. Ditto for enabling people to buy EVs. Public transport also needs to be electrified.

**What is your vision for the minerals and petroleum sector in New Zealand?**

its disappearance as fadt as possible

**How can New Zealand sustainably derive value from its petroleum and minerals resources?**

it can't

**Objectives for the minerals and petroleum sector**

**Objective for a sector that: "Responsibly delivers value for New Zealand (a) Supporting a productive, sustainable and inclusive economy (b) Supporting New Zealand's transition to a carbon neutral economy".**

Neither agree nor disagree

**Why?**

how can it support a sustainable economy as it in itself is unsustainable?

**Objective for a sector that: "Is productive and innovative".**

Strongly disagree

**Why?**

the innovation in alternative power sources needs to be supported not the oil industry

**Objective for a sector that: “Is effectively regulated”.**

Strongly agree

**Why?**

until it's phased out it needs to be

**Are there any other objectives for the minerals and petroleum sector that you would like us to consider in the strategy?**

that in the time of transition it is the supporter of the development of alternative energy systems

**Guiding principles**

**Principle: The environment, ecosystems, and biodiversity are respected now and in the long term.**

Strongly agree

**Why?**

we rely on their health for our survival

**Principle: Māori cultural interests are understood and respected.**

Strongly agree

**Why?**

they have the above principles strongly at heart

**Principle: Support the transition to a carbon neutral economy by 2050.**

Strongly disagree

**Why?**

the time frame is now is way too long in the light of the rapid climate changes occurring

**Principle: The impact on people, communities and regions are managed in a just and inclusive way.**

Strongly agree

**Why?**

he tangata he tangata he tangata

**Principle: Support a circular economy by meeting resource needs through resource efficiency, recycling and reuse.**

Strongly agree

**Why?**

**Principle: Actions taken within the mineral and petroleum sector should align with the strategic direction of other related sectors and Government strategies.**

Neither agree nor disagree

**Why?**

I'm unsure as to what this means. Its too general.

**Do you agree or disagree with each of the following principles for the Crown?**

**Principle: The Crown honours its duty towards Māori as a Treaty partner, adheres to the Principles of the Treaty of Waitangi and its duty to meet settlement commitments.**

Strongly agree

**Why?**

**Principle: The Crown receives a fair financial return for its minerals and petroleum.**

Neither agree nor disagree

**Why?**

once again it's not the right perspective to be thinking of long term financial benefits

**Principle: The Crown regulates in a way that is fair, transparent, reasonable and proportionate.**

Strongly agree

**Why?**

**Principle: The Crown honours the rights of current permit holders to continue production or exploration activities under existing permits.**

Strongly disagree

**Why?**

The health and wellbeing of the planet is more important

**Principle: The Crown makes policy decisions based on the best evidence, and accounting for the foreseeable need for minerals and petroleum, both now and for future generations.**

Strongly agree

**Why?**

only in as much as it is supporting the transition to alternative power sources

**Principle: The Crown proactively engages and consults with relevant stakeholders and decisions are communicated in a clear and transparent way.**

Strongly agree

**Why?**

**Do you agree or disagree with each of the following principles for Industry?**

**Principle: Pursue continuous improvements in health and safety.**

Strongly agree

**Why?**

**Principle: Strive to implement industry best practice in operations.**

Strongly agree

**Why?**

**Principle: Seek innovative ways to improve the resource efficiency of extraction operations; and minimise the negative impacts of these operations.**

Strongly agree

**Why?**

**Principle: Engage with stakeholders and implement management systems to understand and manage impacts, and realise opportunities for redress where needed.**

Strongly agree

**Why?**

**Are there any other principles you would like us to consider in the strategy?**

**Action areas intro**

**Action Area: Modernising the Crown Minerals Act**

Neither agree nor disagree

**Why?**

not sure what "modernising " in this context means

**What future actions would you like us to consider under this Action Area?**

**Action Area: Securing affordable resources to meet our minerals and energy needs**

Neither agree nor disagree

**Why?**

what sort of resources?

**What future actions would you like us to consider under this Action Area?**
