Vision

Do you agree or disagree with the overall vision for the minerals and petroleum sector in New Zealand?

Disagree

Why?

Sector is unsustainable and should be phased out

What is your vision for the minerals and petroleum sector in New Zealand?

Sector is unsustainable and should be phased out

How can New Zealand sustainably derive value from its petroleum and minerals resources?

You can't because when you mine something you can't un-mine it

Objectives for the minerals and petroleum sector

Objective for a sector that: "Responsibly delivers value for New Zealand (a) Supporting a productive, sustainable and inclusive economy (b) Supporting New Zealand's transition to a carbon neutral economy".

Strongly agree

Why?

Sounds good but won't work because the sector is fundamentally unsustainable

Objective for a sector that: "Is productive and innovative".

Strongly disagree

Why?

Production should be phased out because sector is not sustainable

Objective for a sector that: "Is effectively regulated".

Strongly agree

Why?

It is highly destructive to the environment

Are there any other objectives for the minerals and petroleum sector that you would like us to consider in the strategy?

Phase out the sector, transition to a circular economy

Guiding principles

Principle: The environment, ecosystems, and biodiversity are respected now and in the long term.

Strongly agree

Why?

Strongly agree

Why?

Principle: Actions taken within the mineral and petroleum sector should align with the strategic direction of other related sectors and Government strategies.

Agree

Why?

Do you agree or disagree with each of the following principles for the Crown?

Principle: The Crown honours its duty towards Māori as a Treaty partner, adheres to the Principles of the Treaty of Waitangi and its duty to meet settlement commitments.

Neither agree nor disagree

Why?

Principle: The Crown receives a fair financial return for its minerals and petroleum.

Agree

Why?

They should be preserved for future generations thousands of years in the future

Principle: The Crown regulates in a way that is fair, transparent, reasonable and proportionate.

Agree

Why?

Principle: The Crown honours the rights of current permit holders to continue production or exploration activities under existing permits.

Strongly disagree

Why?

It has been a sunset industry for decades, they are not currently paying for the environmental harm they are producing

Principle: The Crown makes policy decisions based on the best evidence, and accounting for the foreseeable need for minerals and petroleum, both now and for future generations.

Strongly agree

Why?

Principle: The Crown proactively engages and consults with relevant stakeholders and decisions are communicated in a clear and transparent way.

Agree

Why?

Do you agree or disagree with each of the following principles for Industry?

Principle: Pursue continuous improvements in health and safety.

Agree

Why?

Principle: Strive to implement industry best practice in operations.

Agree

Why?

Principle: Seek innovative ways to improve the resource efficiency of extraction operations; and minimise the negative impacts of these operations.

Agree

Why?

The innovation should focus on scaling down production
