Business name or organisation (if applicable):

Position title (if applicable):

Is this an individual submission or on behalf of a group or organisation?

Individual

Please indicate which group you most identify with or are involved in?

General public

Please specify the group that you most identify with

Please indicate which type of group your submission represents

Please specify the group or organisation that your submission is on behalf of.

Vision

Do you agree or disagree with the overall vision for the minerals and petroleum sector in New Zealand?

Agree

Why?

agree with the draft vision

What is your vision for the minerals and petroleum sector in New Zealand?

they are there lets use them, see how the world operates with them, without oil about 5 minutes, with out Lithium no electric cars

How can New Zealand sustainably derive value from its petroleum and minerals resources?

forget the weasel word sustainably, dig mine drill and sell, with out wrecking the place

Objectives for the minerals and petroleum sector

Objective for a sector that: "Responsibly delivers value for New Zealand (a) Supporting a productive, sustainable and inclusive economy (b) Supporting New Zealand's transition to a carbon neutral economy".

Strongly disagree

Why?

carbon neutral is an agenda from the left to shut us down

Objective for a sector that: "Is productive and innovative".

Agree

Why?

thats good business

Objective for a sector that: “Is effectively regulated”.

Agree

Why?

must have rules

Are there any other objectives for the minerals and petroleum sector that you would like us to consider in the strategy?

no

Guiding principles

Principle: The environment, ecosystems, and biodiversity are respected now and in the long term.

Agree

Why?

makes good sense

Principle: Māori cultural interests are understood and respected.

Strongly disagree

Why?

way to much bending over to Maori

Principle: Support the transition to a carbon neutral economy by 2050.

Strongly disagree

Why?

cant be done, unless you get ride of all animals and humans, are you going to be the 1st to volunteer!!!

Principle: The impact on people, communities and regions are managed in a just and inclusive way.

Agree

Why?

good business practice

Principle: Support a circular economy by meeting resource needs through resource efficiency, recycling and reuse.

Agree

Why?

makes sense, when you say recycling have you considered burning all rubbish that will burn to make electricity, in Sweden they do!!!! check it out.

Principle: Actions taken within the mineral and petroleum sector should align with the strategic direction of other related sectors and Government strategies.

Why?

presume these strategies are in place now....we have been doing this for a long time

Do you agree or disagree with each of the following principles for the Crown?

Principle: The Crown honours its duty towards Māori as a Treaty partner, adheres to the Principles of the Treaty of Waitangi and its duty to meet settlement commitments.

Strongly disagree

Why?

Maori are not a treaty partners they became citizens of the crown like the rest of us, and time is up for treaty settlements, close the gate and lets settle down as one people, not 2!!!

Principle: The Crown receives a fair financial return for its minerals and petroleum.

Agree

Why?

why not

Principle: The Crown regulates in a way that is fair, transparent, reasonable and proportionate.

Agree

Why?

agree with principle

Principle: The Crown honours the rights of current permit holders to continue production or exploration activities under existing permits.

Agree

Why?

you dont break contracts with permit holders, Crown must be honest

Principle: The Crown makes policy decisions based on the best evidence, and accounting for the foreseeable need for minerals and petroleum, both now and for future generations.

Agree

Why?

they are there, be stupid not the use them...

Principle: The Crown proactively engages and consults with relevant stakeholders and decisions are communicated in a clear and transparent way.

Agree

Why?

transparent is the new word is it not

Do you agree or disagree with each of the following principles for Industry?

Principle: Pursue continuous improvements in health and safety.

Agree

Why?

why wouldn't you

Principle: Strive to implement industry best practice in operations.

Agree

Why?

why not

Principle: Seek innovative ways to improve the resource efficiency of extraction operations; and minimise the negative impacts of these operations.

Agree

Why?

a good practice to follow

Principle: Engage with stakeholders and implement management systems to understand and manage impacts, and realise opportunities for redress where needed.

Agree

Why?

part of any contract/permit

Are there any other principles you would like us to consider in the strategy?

no

Action areas intro

Action Area: Modernising the Crown Minerals Act

Neither agree nor disagree

Why?

haven't read the act so cant comment

What future actions would you like us to consider under this Action Area?

dont know

Action Area: Securing affordable resources to meet our minerals and energy needs

Agree

Why?

helps the economy

What future actions would you like us to consider under this Action Area?

keep looking for resources

Action Area: Improving Treaty partnership

Strongly disagree

Why?

treaty is not a partnership as stated before

What future actions would you like us to consider under this Action Area?

delete it from all negotiations, its not on the table!!!!

Action Area: Improving stakeholder and community engagement

Neither agree nor disagree

Why?

depends who the stake holders are, delete the Chinese for 1 and Iwi 2

What future actions would you like us to consider under this Action Area?

careful who you go to bed with, dealing with the devil you need a long straw

Action Area: Improving industry compliance

Neither agree nor disagree

Why?

they may be compliant now for all we know, might be enough red tape already

What future actions would you like us to consider under this Action Area?

dont know

Action Area: Research and investment in better mining and resource use

Agree

Why?

always room for improvement

What future actions would you like us to consider under this Action Area?

keep researching and investing

Are there any other action areas you would like us to consider as part of advancing this Strategy?

no

Other

Are there any other comments you would like to make about the “Minerals and Petroleum Strategy for Aotearoa New Zealand: 2019-2029”?

that will do me for now, TVM..
