

The West Coast and the PGF

The Way Forward

Commercial in Confidence

The West Coast Context

- From 2012 to 2017 West Coast:
 - Real GDP fell by 20% (NZ economy grew by 17%)
 - Mining's share of region's GDP fell from 23% to 9%
 - Population decreased by 2% to 32,500
 - Employment fell by 10%
 - Business units fell by 5%
- Around 855 of West Coast land is in the conservation estate – a big constraint on economic activity
- Glimmers of hope
 - In year to March 2018 GDP increased by 4% vs. 3% nationally
 - Tourism is going well. For the year to May visitor expenditure was up 10% year on year, the 5th fastest growth rate. But expenditure per visitor is relatively low

The West Coast's 2017 Action Plan

- Seventeen actions across five areas:
 - Enhanced economic development support
 - Growing the visitor economy
 - Making it easier to invest and do business
 - Supporting economic diversification
 - Improving connectivity and infrastructure
- Two of 17 halted due to new government's policies:
 - Identifying low value stewardship land for disposal
 - Enabling ongoing access to windblown timber on public conservation land

The PGF

To date Provincial Growth Fund funding for the West Coast consists of:

- 23 February 2018 announcements:
 - \$500,000 each for two Great Rides – the West Coast Wilderness Trail and the Old Ghost Rd trail.
 - \$100,000 to help Punakaiki develop a master plan to future-proof the township.
 - Commercial Information - Application withdrawn
- 28 June 2018 decisions by Senior Regional Officials providing:
 - \$125,000 for a Greymouth Masterplan (on the assumption that the Grey District Council will contribute the remaining \$125,000 to complete project funding). SROs have been asked to reconsider the decision and grant the full amount requested.
 - \$125,000 for a joint business case for the upgrade of the Greymouth and Westport ports
 - \$250,000 for KiwiRail to undertake a feasibility study for a passenger service between Hokitika and Westport
 - Another \$30,000 for the Punakaiki Masterplan to ensure desired scope of work could be achieved

As at 9 July the PGF had received 27 expressions of interest or funding applications from the West Coast

Where to from here?

- Timelines

- 20 July 2018 – Under-Secretary visit to West Coast to announce 28 June decisions and do groundwork for future announcements
- Two substantive packages:
 - September/October 2018
 - Commercial information

Where to from here - sectors?

- Sectors (with indicative funding requirements)

Enablers of Connectivity/Resilience

- UFB & mobile coverage Commercial Information
- Greymouth (to support fishing industry) & Westport (for general freight) Ports (\$10m)
- Airports (\$2.5m for Westport (Futureproofing) and Commercial Information for Hokitika (runway extension feasibility))
- Digital strategy to make best use of UFB Commercial Information each from Government and Development West Coast)
- **Commercial Information**
- Energy strategy to deal with energy generation proposals Commercial
- Greymouth Masterplan (\$0.25m requested, \$0.125m granted but under review) cial

Tourism/Lifestyle

- Hokitika to Westport passenger rail service (\$0.25m for business case, \$40m capital cost)
- **Commercial Information**
- **Commercial Information**
- Kawatiri Cycle Trail (Westport to Charleston – up to \$9m)
- **Commercial Information**
- **Commercial Information**
- Realise potential of Oparara Arches (near Karamea - Com merci)
- Cycle trail strategy (\$0.25m)
- **Commercial Information**
- **Commercial Information**

Where to from here -sectors (con'td)

Food and beverage

- [Redacted] Commercial Information
- [Redacted] Commercial Information
- [Redacted] Commercial Information

Mining

- Largely contingent upon outcome of consultation on no new mining on conservation land policy
- Garnet mining project (Com merci)

Fishing – growth dependent on upgrade of Greymouth Port

Diversification

- [Redacted] Commercial Information - application withdrawn

East Coast/ Tairawhiti Project Update 9/7/18

Below projects are broken into six categories: 1 Approved. 2 Forecast to next IAP/ SRO. 3 Projects being progressed. 4 On hold/ Withdrawn by applicant. 5 Pre-pipeline. 6 Declined.

Deal - Title	Deal - Project Description	Deal - Organization	Deal - Funding Sought	Deal - Value	Deal - EoI/ Application	Deal - Stage
