1 <b>Parties</b>	<p><b>MINISTRY</b> The Sovereign in right of New Zealand, acting by and through the Chief Executive of the Ministry of Business, Innovation and Employment (<b>Ministry</b>)</p> <p><b>RECIPIENT</b> New Zealand Shearing Contractors Association (<b>NZSCA</b>) (registered number 509145), an Incorporated Society having its registered office address at 25 Stonebrook Lane, Rd 10, Palmerston North, 4470, New Zealand (<b>Recipient</b>)</p>
2 <b>Funding Start Date</b>	Commencement Date
3 <b>End Date</b>	Commercial Information
4 <b>Background</b>	<p>Through the Provincial Development Unit, the Ministry is responsible for administering the Provincial Growth Fund, which aims to lift productivity potential in New Zealand’s provinces.</p> <p>Te Ara Mahi (<b>TAM</b>) is a portion of the Provincial Growth Fund which has been allocated to focus on regional skills and employment development. TAM funding is aligned with the intent of the Provincial Growth Fund, including its regions of focus, and is administered by the Provincial Development Unit.</p> <p>TAM focuses on the provision of a range of different employment and upskilling related support with the aim of getting local people into sustained local employment.</p> <p>The Recipient represents the interests of NZ shearing contractors in NZ by working with members to improve working conditions, health and safety, animal welfare, business practices, training and development, and general awareness of issues within the sector.</p> <p>The NZSCA will develop and deliver a sustainable, integrated training model for the shearing and wool handling industry that will avert a crisis for the wool sector and create significant employment opportunities and economic growth for regional New Zealand.</p> <p>The intention is to establish a charitable trust (the “<b>Trust</b>” as defined in the Special Terms, item 14 below) to deliver the Project as described in item 6 (<b>Project</b>). Once the Trust has been established, the Recipient and the Ministry will novate this Agreement from the Recipient to the Trust and the Trust will assume the Recipient’s obligations under this Agreement. The Recipient has sought a funding contribution from the Ministry for the purposes of the Project described below. The Ministry has agreed to contribute funding on the terms and conditions of this Agreement (<b>Agreement</b>).</p> <p>Key details of this Agreement are set out in this <b>Part 1</b>. The full terms and conditions are set out in <b>Part 2</b>. Defined terms and rules of interpretation are set out in <b>Part 3</b>.</p>
5 <b>Conditions Precedent</b>	No Funding is payable under this Agreement until the Ministry has confirmed to the Recipient in writing that it has received, and found, in its sole discretion, to be satisfactory to it in form and substance, the following documents and evidence:

	<p>a. Confirmation that <sup>Commercial Information</sup> will be established by no later than 30 October 2020.</p> <p>b. A copy of a resolution of the Recipient:</p> <ol style="list-style-type: none"> <li>i. Approving the terms of, the and transactions contemplated by, the Project and this Agreement;</li> <li>ii. Authorising a specified person or persons to execute this Agreement on its behalf; and</li> <li>iii. Authorising a specified person or persons, on its behalf, to sign and/or dispatch all documents and notices (including any Payment Requests) to be signed and/or dispatched by it under or in connection with this Agreement to which it is a party.</li> </ol> <p>c. A letter from industry partners and/or employers committing to employ at least <sup>Comm</sup> % of project's participants (<b>trainees</b>), and including an indication of the intended hourly rates to be paid to trainees during and after completion of training programmes.</p> <p>These Conditions Precedent must be satisfied within a 6 month period from the date of signing, unless agreed otherwise in writing with the Ministry. In the event that they are not satisfied within that time, the Ministry may notify that this Agreement has not come into effect and is null and void.</p>
<p><b>6 Project</b></p>	<p>The purpose of this project is to develop two wool harvesting (shearing and wool handling) pilot training centres – one in the Gisborne / Hawkes Bay region and one in the Otago / Southland region.</p> <p>The funding is for a <sup>Commercial Information</sup> -period to develop micro credentials for <sup>Commerci</sup> new shearers and <sup>Commerci</sup> shearers already in the industry.</p> <p>Micro credentials are smaller qualifications and focus on skill development opportunities not currently catered for in the regulated tertiary education system. They certify achievement of a coherent set of skills and knowledge; and are specified by a statement of purpose, leaning outcomes and strong evidence of need by industry, employers, iwi and/or the community.</p> <p>The micro credentials developed and delivered through the Project, at a minimum, will be subject to the same requirement as training schemes or assessment standards and will also be required to:</p> <ul style="list-style-type: none"> <li>• be 5-40 credits in size;</li> <li>• have strong evidence of need from employers, industry and/or community;</li> <li>• not duplicate current quality assured learning approved by NZQA; and</li> <li>• be reviewed annually to confirm they continue to meet their intended purpose.</li> </ul> <p>The Schemes will include:</p> <ul style="list-style-type: none"> <li>• industry attraction from secondary schools;</li> <li>• online material for prospective shearers;</li> <li>• development of Centres of Excellence (COE) as world class training environments; and</li> <li>• development of industry standards (SEALS).</li> </ul>

The funding will also enable delivery of 1-4 training courses with guaranteed full employment for <sup>Comm</sup> graduates. Pastoral care will be provided to all students. The trainees will also be paid a training wage by industry employers as part of the “earn as you learn” training programme, to ensure and facilitate continuing engagement.

NZSCA will contract the services of a training provider to deliver the training.

It is intended that the Project will be a proof of concept. It is anticipated that during the <sup>Commercial Information</sup> funding period NZSCA will continue communication with other government agencies (most notably Tertiary Education Commission) and industry, to attract potential partners to sustain the programme after PGF funding.

Potential partners have been identified to become involved include iwi, industry groups, regional development agencies and businesses with connection to the industry. The intention is that these partnerships will be formalised throughout the project with the aim to expand to nationally.

### Outcomes Sought

It is expected that over the two years there will be:

- <sup>Commerc</sup> people in total will go through the programme (approximately <sup>Commerc</sup> shearing and <sup>Comme</sup> wool handlers) across both regions.
- <sup>Commerc</sup> of these people will be existing shearers, who will be upskilled.
- <sup>Commerc</sup> will be newly employed and also receive training.
- At least <sup>Comm</sup> % of these new employees will be Maori.

### Wider Benefits

It is anticipated that the Project will also result in:

- **Improved animal welfare:** Lack of proper, well-resourced training means there is a significant risk to the brand of the wool industry and all associated interest groups (retail brands, brokers, research institutes) as well as the broader New Zealand Inc. brand. Traceability, authenticity of product and reassurances of ethical behaviour at all parts of the supply chain are growing trends internationally. However, the wool harvesting industry has been unable to adequately respond to this risk because the lack of investment in training, and the impact of major animal welfare incidents in the sector remains a significant risk to the viability of regional communities. The training delivered through the Project will address this need.
- **More productive, stable, together communities:** Creating this level of employment will provide families and therefore small communities in rural areas having greater certainty of income and all of the positive attributes associated with stable employment, such as self-esteem, mental and physical well-being, and positive family relationships.
- Students and Job Seekers being well informed in choosing a career pathway.
- Improved financial wellbeing, strengthening families and communities in the regions.

- Talent retained in the pilot regions and improved productivity due to talent retention.

**Alignment with the principles of Te Ara Mahi**

The project aligns with Te Ara Mahi principles as set out below:

- It focusses on supporting primarily secondary students and local people into local employment opportunities by addressing the specific needs of those who need more help than can be currently provided in order to achieve sustainable employment.
- The project will improve earning potential by training and supporting new people to the industry and upskilling those already working
- It ensures additionality by filling a gap in service provision which existing cross-government departmental funding does not cover.
- It fits within mechanisms for coordination of employers, workers and government that will endure past the lifetime of the PGF.
