Page 4: Proposed Definition for energy wellbeing

Q7

Agree

To what extent do you agree or disagree that the proposed definition for energy wellbeing is right for Aotearoa?

Q8

Do you have comments on why have you chosen this answer?

Affordability is the main issue when energy is controlled by large companies

Q9

Strongly agree

To what extent do you agree or disagree with the inclusions in the proposed definition?

Q10

Respondent skipped this question

Do you have any comments on what is included in the definition?

Q11

Agree

To what extent do you agree or disagree with what is excluded by the definition?

Q12

Do you have any comments on what is excluded by the definition?

Affordable energy for transport is vital

Q13

Do you have any further comments on the proposed definition of energy wellbeing? - Is it clear and easy to understand?- Do you think there is anything missing?- Is it relevant to you and your community?

Energy affordability should be highlighted more in the definition

Page 5: Proposed framework for energy wellbeing

Q14

Strongly agree

To what extent do you agree or disagree that the framework represents the factors that influence energy wellbeing in Aotearoa?

Q15

Do you have comments on why have you chosen this answer?

Dwelling characteristics and digital access have a high impact on energy hardship for people on low incomes

Q16

Do you have any other comments on the proposed framework? You may want to consider:- The layout of the framework, and if it is easy to understand - If anything is missing, or should be added- Which factors you think are most significant in your community

Old, cold homes are very significant in Dunedin

Do you have comments on why have you chosen this answer? You may want to consider: - Are the indicators comprehensive?- Are there any other indicators of energy wellbeing that should be considered?

Good

Page 7: Measuring energy hardship

Q19

Yes

We are proposing to use a set of primary and secondary measures for energy hardship. Do you support this proposal?

Q20

Respondent skipped this question

Do you have comments on why you have chosen this answer?

Q21

Agree

To what extent do you agree or disagree with the proposed primary measures?

Q22

Agree

To what extent do you agree or disagree with the potential secondary measures?

Q23

Do you have any comments on the proposed primary and secondary measures? You may want to consider:- How many primary and secondary measures you think we should consider- Which measures you think should be primary or secondary (and why)

Secondary - because access to energy is controlled by private companies, people with a poor credit rating cannot access energy safely. They may resort to using other peoples details to get an account or creating fictional identities which may causes further problems.

Q24

Respondent skipped this question

Do you have any comments on measuring the depth of hardship? You may want to consider: - If we should use these measurements in Aotearoa, in addition to the primary and secondary measures- Combining measures (i.e. a DEP-17 style approach) - Measuring the energy hardship gap
