Page 2: We will keep your information safe

**Q1** **Yes**

Have you read and understood the Privacy Statement?

---

Page 3: About you

**Q2**

What is your name?

jon

---

**Q3**

What is your email address? We may need to contact you for clarification on your submission, or regarding Official Information Act requests. Your email address will not be used for any other purpose.

## Privacy of natural persons

---

**Q4** **Individual**

Are you submitting as an individual or on behalf of an organisation?

---

**Q5** **Respondent skipped this question**

If on behalf of an organisation, what is its name?

---

**Q6** **Respondent skipped this question**

If on behalf of an organisation, which of these best describes it?

---

Page 4: Proposed Definition for energy wellbeing

**Q7** **Agree**

To what extent do you agree or disagree that the proposed definition for energy wellbeing is right for Aotearoa?

---

**Q8**

Do you have comments on why have you chosen this answer?

Check that you are using the word Whānau correctly. My limited understanding of this word is that it refers to ancestors, people living now, and people in the future. The definition feels like you are using 'Whānau' has interchangeable with 'family' and I'm not sure they are the same thing. Feels like a very Pakeha way to use that word?

---

**Q9**

**Strongly agree**

To what extent do you agree or disagree with the inclusions in the proposed definition?

---

**Q10**

**Respondent skipped this question**

Do you have any comments on what is included in the definition?

---

**Q11**

**Neither agree nor disagree**

To what extent do you agree or disagree with what is excluded by the definition?

---

**Q12**

Do you have any comments on what is excluded by the definition?

Not sure why you're excluding rough sleepers. They are in energy hardship and arguably a housing solution would help with some of their difficulties. Seems like housing remediation is the main mechanism to improve energy hardship; doesn't this just mean a different kind of mechanism for rough sleepers?

Rough sleepers could get counted in your secondary measures

High transport costs could mean you experience energy hardship if prioritise getting work over your bills. Are economic factors emphasised enough in your definition?

---

**Q13**

Do you have any further comments on the proposed definition of energy wellbeing? - Is it clear and easy to understand?- Do you think there is anything missing?- Is it relevant to you and your community?

Are economic factors emphasised enough in your definition?

---

Page 5: Proposed framework for energy wellbeing

**Q14**

**Strongly agree**

To what extent do you agree or disagree that the framework represents the factors that influence energy wellbeing in Aotearoa?

---

**Q15**

Do you have comments on why have you chosen this answer?

I really like this framework looks very comprehensive

---

**Q16**

Respondent skipped this question

Do you have any other comments on the proposed framework? You may want to consider: - The layout of the framework, and if it is easy to understand - If anything is missing, or should be added- Which factors you think are most significant in your community

---

Page 6: Proposed indicators for energy wellbeing

**Q17**

Agree

To what extent do you agree or disagree with the proposed indicators for energy wellbeing?

---

**Q18**

Do you have comments on why have you chosen this answer? You may want to consider: - Are the indicators comprehensive? - Are there any other indicators of energy wellbeing that should be considered?

Shouldn't energy literacy play a role in these indicators? Or is that implied in the access theme?

---

Page 7: Measuring energy hardship

**Q19**

Yes

We are proposing to use a set of primary and secondary measures for energy hardship. Do you support this proposal?

---

**Q20**

Respondent skipped this question

Do you have comments on why you have chosen this answer?

---

**Q21**

Agree

To what extent do you agree or disagree with the proposed primary measures?

---

**Q22**

Strongly agree

To what extent do you agree or disagree with the potential secondary measures?

---

**Q23**

Respondent skipped this question

Do you have any comments on the proposed primary and secondary measures? You may want to consider:- How many primary and secondary measures you think we should consider- Which measures you think should be primary or secondary (and why)

---

**Q24**

Do you have any comments on measuring the depth of hardship? You may want to consider: - If we should use these measurements in Aotearoa, in addition to the primary and secondary measures- Combining measures (i.e. a DEP-17 style approach) - Measuring the energy hardship gap

no comment at this time other than how many of the measurements does a household register on could be an indicator of severity. Would need indepth qualitative work here I think

---

Page 8: Data gaps and proposed way forward

**Q25**

Rank the following proposals in order of most important (1) to least important (4).

Further analyse any currently available data	2
Work to fill existing data gaps/limitations	1
Model required energy use for households in Aotearoa	4
Research energy hardship-related indicators	3

---

**Q26**

Respondent skipped this question

Do you have any suggestions for alternatives or changes to the proposed way forward? You may want to consider:- Are there gaps in the measurement we haven't identified?- Are there data sets or measures you know of that should be included?- Do you have any other suggestions for future analysis?

---

Page 9: Final thoughts

**Q27**

Respondent skipped this question

Do you have anything else you would like to mention?

---

**Q28**

Yes

Can we publish your submission on the MBIE website? If your submission contains personally identifiable information that should not be made public, please make clear what can and cannot be made public. For example, information about other people that you are sharing without their consent or information about children. Your name, and that of your organisation will be visible. Email addresses will not be visible.
