Subject: Proposed income insurance scheme - submission
Date: Wednesday, 9 February 2022 1:12:41 pm

I do not support the proposed scheme unless there are exemptions for sole business operators.

I own and run my own business. I do not have employees, never have and never will. I would be impacted by an income insurance scheme, something that I would never benefit from. If I wanted income protection insurance, the option is available to me privately. It should not be foisted upon every tax payer, when some, like me, will never use it. It is just another tax!

Yes, ANOTHER tax.

Please acknowledge this submission.
