

Submitter information

Please provide your name and phone number, and preferred email address for contact if it is different from the one used to send this form:

s 9(2)(g)(i), s 9(2)(a)

In what capacity are you providing feedback?
e.g. on behalf of: your company, the company you work for, an industry organisation, a union, a licensed immigration adviser etc.

for myself and other migrants in NZ

If you are representing a company or group, what is the name of that group?

What industry or industries does that group work in?

In your company or industry, what are the most common occupations for migrant workers?

Managers

What visa categories are commonly used by those workers?
I.e. resident visa, Essential Skills work visa, Work-to-Residence work visa (under the Talent or Long Term Skill Shortage List categories), Post-Study work visa (open or employer assisted), open work visa.

Work to residence

Only answer the following questions if you directly employ migrant workers:

How many migrant workers do you currently employ? (Refer to the visa categories in the question above)

Have you supported an Essential Skills visa application for any of these workers?

Using wage or salary information to help determine skill level and access to Essential Skills migrants

Proposal 1: Introduction of remuneration thresholds to determine skill levels and associated visa conditions for Essential Skills visas

Consider the proposal of aligning the remuneration thresholds for the Essential Skills visa with the remuneration thresholds for the Skilled Migrant Category.

What impacts or implications do you foresee from defining lower-, mid- and higher-skilled Essential Skills migrants in this way?

Give details of the occupations or sectors and wage or salary levels you are thinking of.

In every line have to do the hardwork nothing can be done without hardwork. So for me all the skills are same. If people think work in food court is easy then come lets visit the food industry on weekend and find out. Managers work full time then can only max paid 45k but not enough to meet new immigration policy.

Reinforcing the temporary nature of the Essential Skills visa and managing the settlement expectations of temporary migrants

Proposal 2a: Introduction of a maximum duration for lower-skilled Essential Skills migrants

Consider the option of a three years for a maximum duration for lower-skilled Essential Skills visas.

What impacts or implications do you foresee from the proposed maximum duration for lower-skilled Essential Skills visa holders?

Give details of the occupations and industries you are thinking of.

I been working in NZ from last 5 year i finished my studies in business management and struggling for residence. I know some guys came in the country ages after i get in NZ but they got residence before me because their skill was high in demand i was getting paid more then them and also i was doing same hardwork for my boss. So i think the migrants who already in the country they deserve a Permanent stay but government can set a possible condition for us.

Proposal 2b: Introduction of stand down period for lower-skilled Essential Skills migrants

Consider the option for a year-long stand down period following the maximum duration for lower-skilled Essential Skills visas.

What impacts or implications do you foresee from these proposed changes?

Give details of the occupations and industries you are thinking of.

i would still say same thing people who are away from their families and spent a big amount of money on their educations and brought the money in the country. Helped the same for the economical development of the country. so we deserve to stay permanently as well. which help the migrants to motivate for more hardwork and development of the NZ.

Proposal 3: Require the partners of lower-skilled Essential Skills visa holders to meet the requirements for a visa in their own right

Consider the proposal to require the partners of lower-skilled Essential Skills visa holders to meet the requirements for a visa in their own right.

What impacts or implications do you foresee from these proposed changes?

Give details of the occupations and industries you are thinking of.

Proposal 4: Require the children of lower-skilled Essential Skills visa holders to meet the requirements for a visa in their own right

Consider the proposal to require the children of lower-skilled Essential Skills visa holders to meet the requirements for a visa in their own right.

What impacts or implications do you foresee from these proposed changes?

Give details of the occupations and industries you are thinking of.

Reinforce that Essential Skills visas should only be granted for the period for which the employment is offered

Proposal 5: Make it explicit how the 'period of employment' condition applies to seasonal work

Consider the option to reinforce that Essential Skills visas for seasonal work are only for the length of the season and that the offer of employment must match the length of the season.

What impacts or implications do you foresee from these options?

Give details of the occupations or sectors you think are likely to be affected.

Consider the list of seasonal occupations being considered.

Are there any seasonal occupations that should be added or removed from this list? Why?

Consider the list of seasonal occupations being considered.

If you employ seasonal staff, or represent a sector with seasonal staff:

- What are the occupations of the seasonal staff within the sector that you are commenting on?
- For each of the occupations that you have identified, what is the typical period that you require seasonal staff to cover (e.g the peak of the season)?
