Rangiriri - Waikato

Ruapekapeka road rehabilitation - Northland

Kānoa – Regional Economic Development & Investment Unit

Kānoa – Regional Economic Development & Investment Unit (Kānoa – RDU) delivers government funding to grow the economies of regional New Zealand.

In Te Reo, the literal translation of *kā* is fire, and *noa* without restraint, used in proverbs and lore, it also provides a broader meaning in Te Ao Māori. Kānoa was the guardian of Hawaiki's Rua-kumara, or kumara store house. By distributing kumara to others, he helped his people thrive and develop both their whenua (land) and their capability.

The name *Kānoa* was selected for the unit by Te Rau Kupenga (Ngāti Porou) in recognition of Kānoa as kaitiaki, a guardian who helped grow prosperity through investment. The phrase *Kei te kā noa te ahi* (is the fire burning?) is used by tangata whenua to ask if their home fire is alight and all is well. This meaning encapsulates the core principle of Kānoa: to enable the development of people and their communities to ensure their well-being and prosperity.

Purpose of this update

This document is a quarterly update to the Cabinet Economic Development Committee and shows the progress of, and impact made by, investments managed by Kānoa – RDU across Aotearoa New Zealand.

The report outlines funding levels paid against the 1,713 projects under Kānoa – RDU's direct and indirect management. It covers investments made through the following funds:

- Provincial Growth Fund (PGF)
- COVID-19 Response and Recovery Fund (CRRF) - Infrastructure Reference Group
- Regional Investment Opportunities (RIO) - NZ Upgrade Programme
- Strategic Tourism Assets Protection Programme (STAPP)
- COVID-19 Response - Worker Redeployment Package
- Regional Strategic Partnership Fund (RSPF)

Where payments have not been made or where contracts have not been signed, commentary has been provided. This information is commercially sensitive and should not be distributed.

Data in this report is for the financial quarter January 2022 to March 2022 and commentary is up to date at the time of completion (excluding the data for status report on page 12, which is taken from the end of May 2022).

Opuke thermal pools and spa - Canterbury

Progress since last report

Kānoa – RDU continues to deliver government investments

The below table provides an overview of how Kānoa – RDU investments have progressed since the previous October – December quarterly report to the Cabinet Economic Development Committee.

Fund	Contracted			Paid		
	Dec-21	Mar-22	Quarter Change	Dec-21	Mar-22	Quarter Change
Provincial Growth Fund	\$2,895,763,284	\$2,899,399,204	\$3,635,920	\$1,759,033,630	\$1,869,611,407	\$110,577,776
COVID-19 Response and Recovery Fund (Infrastructure Reference Group)	\$678,533,101	\$679,533,101	\$1,000,000	\$261,790,209	\$315,867,577	\$54,077,368
Regional Investment Opportunities (NZ Upgrade Programme)	\$194,120,000	\$194,120,000	\$0	\$83,849,000	\$93,454,102	\$9,605,102
Regional Strategic Partnership Fund (RSPF)	\$0	\$0	\$0	\$0	\$0	\$0
Strategic Tourism Assets Protection Programme	\$114,526,006	\$114,526,006	\$0	\$77,675,374	\$91,912,089	\$14,236,715
COVID-19 Response - Worker Redeployment Package	\$96,112,144	\$96,112,144	\$0	\$84,142,033	\$84,331,543	\$189,510
Total	\$3,979,054,535.58	\$3,983,690,455	\$4,635,920	\$2,266,490,245	\$2,455,176,717	\$188,686,472

Investments into projects that support sustainability, environmental and climate outcomes

Kānoa – RDU has invested in a range of projects that support sustainability, environmental and climate outcomes. These projects are diverse and cover multiple regions and sectors. Pages 8 – 11 of this report provide examples of projects that support these outcomes.

Kānoa – RDU's work programme

- **Kānoa – RDU's** focus in this reporting period was close management of existing investments and the delivery of the RSPF. This includes supporting the successful completion of projects, and assisting investment recipients to address new issues being faced in the current economic climate, such as cost increases due to rising inflation, supply chain and labour market challenges, and COVID-19 related issues. A paper was provided to RED Ministers on project cost increases across all affected Kānoa – RDU investments.
- **The RSPF** continues to progress. Kānoa – RDU has a strong pipeline of investment opportunities that officials are working alongside potential recipients to develop proposals for Regional Economic Development (RED) Ministers to consider. Where good opportunities arise that are not eligible for RSPF funding, Kānoa – RDU officials are working to identify other government funding/agencies that may be able to assist. At the 17 March RED Ministers meeting, Ministers considered and agreed to invest in two proposals:
 1. Sustainable Foods Limited in Kāpiti, and
 2. Paengaroa North kiwifruit development on whenua Māori in the Bay of Plenty.

A further 10 proposals are due for consideration by RED Ministers.

- **RED Ministers** (The Minister of Finance, Minister of Social Development and Employment, Minister for Economic and Regional Development and the Minister for Māori Economic Development) have met once since the last update. At this meeting Ministers agreed to fund two proposals through the RSPF.
- **Māori Economic Development Ministers (MEDM)** have met twice since the last update and continue to drive the Government's approach to the Māori economic development system. MEDM discussed all RSPF proposals going to RED Ministers for decision, as well as receiving as updates on He Kai Kei Aku Ringa and Kānoa – RDU's marae programme funding.
- **RED Senior Officials (REDSOs)** have met twice since the last update, they discussed RED priorities and existing projects, and possible RSPF proposals.
- **The CRHL Board of Directors** has met twice since the last update and continue to monitor Kānoa – RDU's management of its investments. The Board is keeping a close eye on potential impacts from increasing inflation, supply chain complexities, increasing freight and construction costs and labour market challenges (including COVID-19 related issues), and the effect these may have on the portfolio. The Board of Directors has also provided advice about potential RSPF projects. As at 31 March 2022, CRHL holds 160 loans, eight equity investments and two investments in physical assets totalling \$817.4 million. New directors are in the process of being appointed to the Board.

Key highlight: Investment into projects that support sustainability, environmental and climate outcomes

\$1.1 billion
approved funding

\$503 million
paid funding

439
projects

Kānoa – RDU holds a portfolio of investment, supporting Aotearoa New Zealand to achieve commitments to climate change and encouraging more sustainable and productive use of land, water and other resources. The Te Uru Rākau / One Billion Trees (1BT) programme has complemented this funding and has played an integral role in planting native forestry, reducing soil erosion, and providing opportunities for Māori to develop their land; around a sixth of the PGF has been allocated to the programme to date. The Regional Strategic Partnership Fund aims to continue this strategy as one of the key eligibility criteria for funding.

The PGF welcomed proposals for projects that utilised land in economically and environmentally sustainable ways. Several projects employ technology to enhance productivity whilst reducing the impact on the environment and, where practicable, contribute to New Zealand's transition to a low emissions economy. Furthermore, all energy-related projects must use natural resources that are reliable, environmentally and economically sustainable. CRRF also prioritised the funding of projects bringing environmental value to the region and/or the country. Kānoa – RDU officials ensure all projects are closely managed to mitigate impact on the natural environment and protect one of the most precious taonga, our land.

A breakdown of the PGF and CRRF funding has been broken down by sector in the right hand table.

The 1BT programme ensures the right trees are planted in the right landscape, with a mixture of exotic and native tree species planted in private, public and Māori-owned land. It also supports forestry initiatives and ensures they align with regional wood processing aspirations, research and development and eco-recreational objectives.

The programme includes the following allocations:

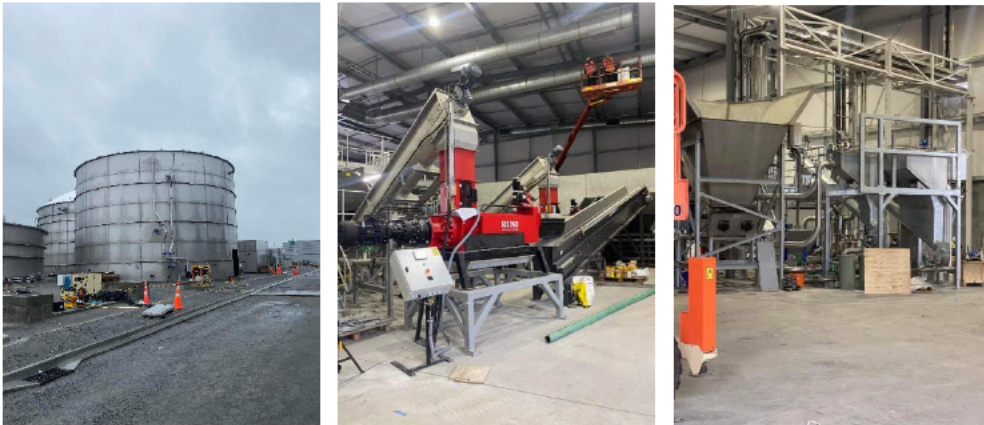

- \$177 million to the 1BT Fund grants and partnerships
- \$161 million to Crown Forestry Joint Ventures to plant forests on private and Māori-owned land
- \$42 million for erosion projects to retain productive soils and reduce sediment loss into waterways
- \$35 million training and assistance for the forestry industry, and
- \$65 million a range of other 1BT projects

SECTOR	APPROVED FUNDING	PROJECTS
IRG – Climate Resilience	\$203.0m	61
Agriculture / Horticulture	\$121.5m	82
Water Storage / Management	\$83.1m	16
Aquaculture	\$51.9m	15
Fencing of Waterways / Predator Free	\$50.7m	36
Energy	\$28.8m	8

Forestry	\$1.7m	3
Waste / Recycling	\$1.2m	4
SUBTOTAL	\$580.6m	238
1BT Programme	\$480.0m	201
TOTAL	\$1.1b	439

Project highlights

REPOROA BIOGAS PROJECT

Loan	\$7,000,000
Paid	\$7,000,000

Eco Stock Supplies Limited received a \$7 million loan through the PGF to build this large-scale biogas plant in Reporoa.

The plant will reduce the volume of waste going into landfill and is a sustainable and eco-friendly way to manage organic waste produced by major metropolitan areas. It will recover energy, carbon dioxide and nutrients from up to 75,000 tonnes per year from food waste from council kerbside collection and industrial food producers. Using a process called anaerobic digestion, the organic waste is broken down and converted into biofertilizer used to promote plant growth by improving nutrient acquisition and biogas which can be used as vehicle fuel and for heating and electricity generation.

The Climate Change Commission's report 'A low emissions future for Aotearoa', acknowledged the key role biogas will play. Developing biogas locally will provide a solution for New Zealanders to move away from using fossil fuel, meeting emission reduction targets and Auckland Council compliance requirements.

The project aims to create 28 jobs and provide employees with opportunities to learn new skills through the **Commercial Information**. Reporoa Biogas has recently entered into an agreement with First Gas Group who have invested over \$**Commercial Informa** to develop infrastructure which will eventually supply thousands of homes and businesses in New Zealand with biogas. The building, foundations and site works are near completion with the full project on track for completion in September 2022 and an official opening planned in October 2022.

GISBORNE AIRPORT TERMINAL REDEVELOPMENT

Grant	\$5,500,000
Paid	\$5,500,000

Eastland Group Limited received a \$5.5 million grant through the PGF to redevelop the Gisborne Airport terminal and support infrastructure construction to accommodate the increasing number of passengers traveling through.

Eastland Group Limited has made Gisborne airport terminal the most sustainable terminal in New Zealand. The building is 100 percent self-sufficient.

The airport runs entirely on solar power with excess power re-purposed through the grid. Rainwater is captured and filtered for use within the building and the grey water is then captured and reused in the toilet systems. The terminal has a passive airflow system, allowing the building to monitor its own temperature and operate the windows when required. A series of rammed earth walls were installed to provide insulation.

As well as its sustainability features, the terminal design boasts unique cultural and regional themes of carved wood, natural materials and where practical, other locally-designed features.

The project was completed in September 2020; a dawn blessing was performed before the building was opened to the rest of New Zealand in November 2020.

Project highlights

OMATAROA ECO TOURS	Grant	\$615,902
	Paid	\$500,000

Omataroa Rangitaiki No2 Charitable Trust received a \$615,902 grant through the PGF to support the expansion of sustainable Māori eco-tourism ventures in the region and to develop visitor infrastructure within the Puhikoko and Ngākau reserves.

Its centre of operations and purpose-built observation areas use off grid services such as solar energy and natural gas for cooking and hot water and has a composting eco-friendly toilet. Omataroa Eco Tours offers a sustainable Māori eco-tourism experience that provides authentic cultural and nature-based tours around existing kiwi conservation operations.

The funding will also be used to develop a visitor track experience through the nationally significant highland wetland Ngākauroa, home to some of Aotearoa’s rare native bird and fish species. A visitor shuttle will transport visitors from Whakatāne township and the Tauranga and Rotorua tourism precincts.

The project is part of a wider Ngāti Awa Tourist Strategy for the Eastern Bay of Plenty, providing a valuable land-based alternative to visitor experiences to Whakaari and Moutohorā.

HIRINGA RENEWABLE POWER AND GREEN HYDROGEN	Loan	\$19,900,000
	Paid	\$0

In December 2019, as part of a Crown initiative to accelerate the adoption of hydrogen energy in Aotearoa, Regional Economic Development Ministers approved a \$19.9 million loan through the PGF to support the Hiringa/Ballance Joint Venture to develop a green hydrogen facility in Kapuni.

Hiringa investors include **Commercial Information** and **Commercial Information**, while Ballance has a cooperative ownership model **Commercial Information**. This project uses renewable wind energy and water to produce ‘green hydrogen’. Green hydrogen is used in place of natural gas as feedstock in the production of fertilizers. The project enables the decarbonisation of the agri-chemicals industry and reduces our reliance on fossil fuels.

The \$**Commercial Information** development will consist of three wind turbines (200 metres in diameter 20 megawatts of energy on land leased from Parininihi Ki Waitotara) and a hydrogen electrolysis unit (used to create Green Ammonia for Balance’s Fertiliser plant). In addition, a portion of this energy will replace some of the fertiliser plant’s gas-fired power units. Currently, ammonia is manufactured from methane, water and air, using steam methane reforming to produce the hydrogen. This process consumes a lot of energy and produces around 1.8% of global carbon dioxide emissions.

Commercial Information

Project highlights

JUNO GIN DISTILLERY EXPANSION

Loan	\$806,000
Drawn down	\$806,000

BeGin Distilling Limited is a Taranaki-based gin distillery that produces the “Juno” brand of gin. In December 2019, the Senior Regional Officials approved a \$806,000 loan through the PGF to support BeGin Distilling Limited with the expansion of the existing distillery premises in New Plymouth.

BeGin Distilling uses a zero-waste-to-landfill production process that recycles by-products for use by other local businesses. The still water from the distilling process is used by the local brewery in making witbier, and the spent botanicals are either composted or used by a local chocolatier in products. The facility design recovers wasted heat and rainwater by harvesting and storing these elements. BeGin Distilling was recently awarded “Gold” by the New Plymouth District Council under the Resource Wise Business programme for their waste minimisation efforts and sustainability initiatives at the distillery.

The investment helped purchase and install semi-automated packing line equipment and expand the premises to increase storage and warehousing areas, provide a tasting room/cellar door facility to cater to tourist demand and provide staff amenities. Construction of the facility was completed in February 2022 and it is currently open to the public.

LEADERBRAND GISBORNE COVERED PRODUCTION LIMITED

Loan	\$15,000,000
Paid	\$9,192,235

Leaderbrand received a \$15 million loan through the PGF to support the development of Gisborne Covered Production Limited, a subsidiary of Leaderbrand Limited, with a focus on salad ingredient growth at their 10-12 hectare covered facility in Gisborne, Tairāwhiti.

Leaderbrand’s under-cover greenhouse facility will accelerate crop growth all-year-round in a more sustainable manner. The project will help mitigate severe weather impacts, while significantly reducing the need for fertiliser and water usage, protecting the soil structure.

The operation will collect water from the structure’s roof and store it for future use. It is projected that the facility will be self sufficient and not require additional water from the aquifer (although the site does have consent for water if needed). Water is stored in a 50 million litre dam and purifying pond; at the height of production, the facility will use 1 million litres of water per day.

The project creates a more sustainable growing environment and regime, improves employment opportunities for existing Leaderbrand staff, generates new employment opportunities and develops a more secure growing environment to allow greater production year-round. Construction of the three-hectare greenhouse is nearly complete with the roof and sides now secured. Work has started on the internal mechanics as well as the highly technical watering and cooling system. Once this is complete, the soil will be prepared ready to commence the planting of its first crops.

Kānoa – RDU Project Status Report

This report provides an overview of Kānoa – RDU project portfolios. Kānoa – RDU has a role in the management of six key funds¹ and has **1,713** projects under management for a combined total of **\$4,359.8m** as at **29 May 2022**².

<p>PROVINCIAL GROWTH FUND <i>To accelerate regional development, increase regional productivity and contribute to more, higher-paying jobs.</i></p> <p> \$3,029.0m Total Fund³ \$2,983.3m Approved⁴ \$2,899.0m Contracted \$1,934.9m Paid</p> <p> 1,357 approved projects</p>	<p>COVID-19 RESPONSE AND RECOVERY FUND INFRASTRUCTURE REFERENCE GROUP <i>To support construction-ready infrastructure projects and accelerate construction-related spend.</i></p> <p> \$702.0m Total Fund⁵ \$702.0m Approved \$681.0m Contracted \$342.3m Paid</p> <p> 168 approved projects</p>	<p>WORKER REDEPLOYMENT <i>To create immediate jobs and income growth with high visibility to the community giving public confidence economic activity is underway.</i></p> <p> \$99.5m Total Fund \$96.4m Approved \$96.1m Contracted \$84.7m Paid</p> <p> 87 approved projects</p>
<p>STRATEGIC TOURISM ASSETS PROTECTION PROGRAMME <i>To protect the assets which form the core of essential tourism offerings to ensure their survival through the disruption caused by COVID-19.</i></p> <p> \$118.8m Total Fund \$118.5m Approved \$118.5m Contracted \$102.8m Paid</p> <p> 79 approved projects</p>	<p>REGIONAL INVESTMENT OPPORTUNITIES (NZ UPGRADE PROGRAMME) <i>To support regional economic development through infrastructure as part of the Governments \$12 billion Capital Investment Package.</i></p> <p> \$210.5m Total Fund \$210.0m Approved \$194.1m Contracted \$124.0m Paid</p> <p> 18 approved projects</p>	<p>REGIONAL STRATEGIC PARTNERSHIP FUND <i>To support regional economies to be more productive, resilient, sustainable, inclusive and Māori-enabling.</i></p> <p> \$200.0m Total Fund⁶ \$10.4m Approved \$2.0m Contracted \$0.0m Paid</p> <p> 4 approved projects</p>

Definitions: Total Funding - the value appropriated into the relevant fund to administer; Approved Funding - funding approved at an individual project level; Contracted Funding - funding written into signed agreements with recipients or transferred to a partner agency to administer; Paid - funding disbursed from the relevant agency to the recipient.

1. Kānoa – RDU administers the Sector Workforce Engagement Programme which has a baseline funding of \$4.258m at SUPPS 2021/22. However, this funding is all operational expenses and as such, has been removed from this report. Kānoa – RDU also administers the Queenstown Economic Transformation & Resilience fund which totals \$20m, with two projects recently approved.
2. Partner Agency data as at 30 April 2022, Kānoa – RDU data as at 29 May 2022.
3. There has been an increase to the total fund figure of the PGF because operational funding for the PGF, Strategic Tourism Assets Protection Programme (STAPP) and the Infrastructure Reference Group (IRG) has been consolidated into the PGF fund.
4. There has been an increase to the approved figure of the PGF because two additional projects have been approved for funding.
5. There has been a decrease to the total fund figure of the COVID-19 Response and Recovery IRG fund and STAPP because excess loan funding has been returned to Treasury.
6. There has been an increase to the total fund figure of the Regional Strategic Partnership Fund because additional funding has been received through Budget 2022.

Regions overview

The following pages provide headline data for each region and the full list of approved projects by region.

The project lists are now available on growregions.govt.nz and are updated monthly.

All contracted active projects	
Total active projects	1039
% of active projects that have received funding	96.34%
Total closed projects	642

Note:

For the purpose of this report active projects have been defined as those that are contracted.

Kānoa – RDU uses a Parent/Children structure* to record and monitor project types where there are inter-related contracts.

*The structure is used when dealing with the following situations;

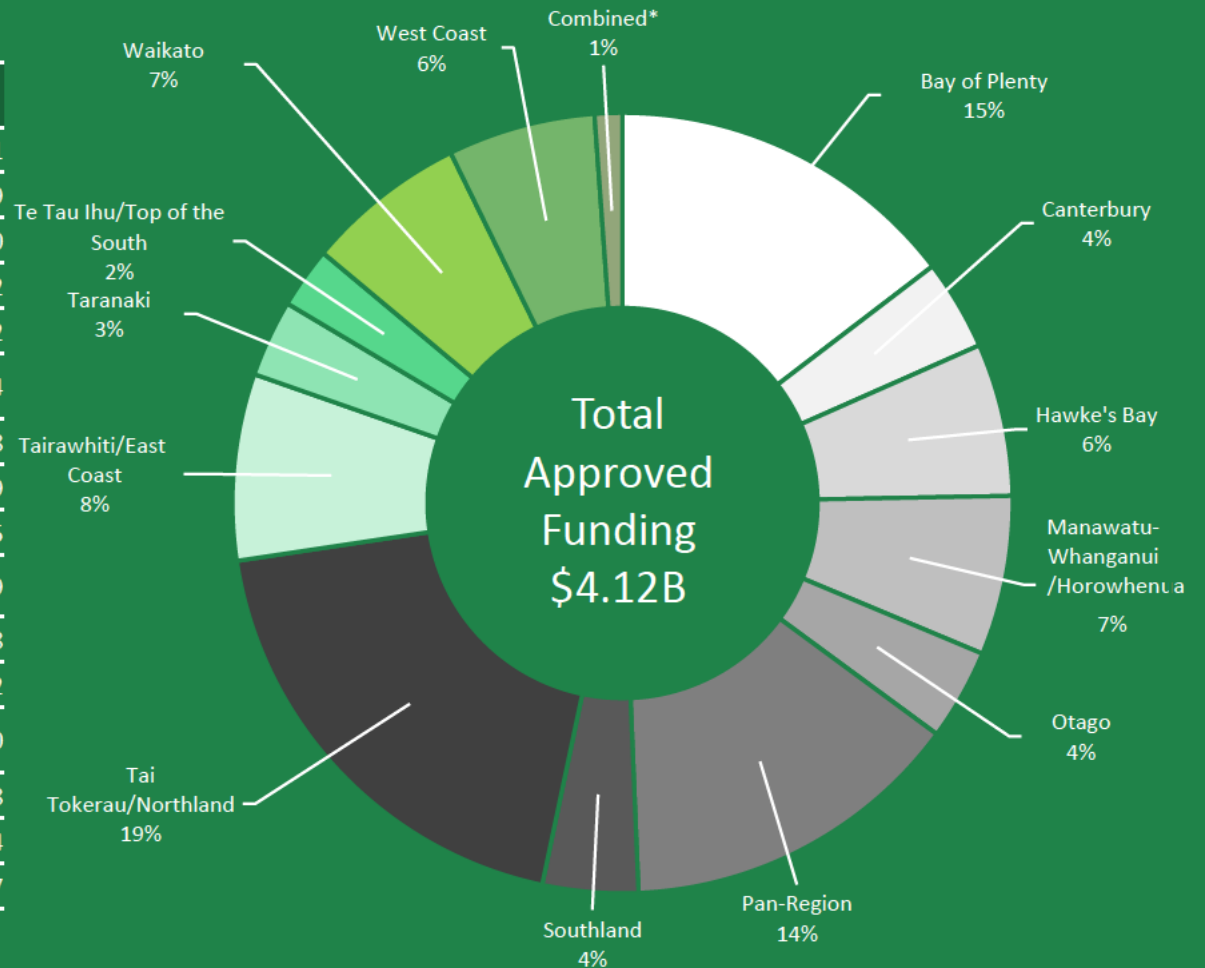

- Where there is one application with multiple projects. This ensures the correct funding amount is captured.
- If there is one project or contract which is relying on funding from multiple allocations. This will ensure we can report correctly under each funding stream.
- When there is one project or contract relying on multiple funding types. This will ensure we can report correctly under each funding type.
- In the case where a single contract is being used for multiple projects, for example, clusters of separate marae managed under one contract.
