The STEM industry is not very diverse, both in terms of gender and ethnicity. This is a great opportunity for us to consider ways in which we can encourage more young kiwis to get involved in one of the fastest growing and exciting sectors in the world. There is a lack of knowledge of what opportunities exist, and the pathways for careers within not just the space industry, but STEM in general. Young kiwis need access to this information and support to pursue these opportunities before they reach NCEA level.
