Submission form: Proposed updates to ACC regulated payments for treatment

The Ministry of Business, Innovation and Employment (MBIE) would like your feedback on proposed updates to the ACC regulated payments for treatment. Please provide your feedback by **18 October 2022**.

When completing this submission form, please provide comments, evidence, and any data that may aid your submission. Your feedback provides valuable information and informs decisions about the proposals.

We appreciate your time and effort taken to respond to this consultation.

Instructions

To make a submission you will need to:

1. Fill out your name, email address, phone number and organisation.
2. Fill out your responses to the discussion document questions. You can answer any or all of the questions. Where possible, please provide us with evidence to support your views. Examples can include references to independent research or facts and figures.
3. If your submission has any confidential information:
 - i. Please state this in the email accompanying your submission, and set out clearly which parts you consider should be withheld and the grounds under the Official Information Act 1982 (Official Information Act) that you believe apply. MBIE will take such objections into account and will consult with submitters when responding to requests under the Official Information Act.
 - ii. Indicate this on the front of your submission (eg, the first page header may state "In Confidence"). Any confidential information should be clearly marked within the text of your submission (preferably as Microsoft Word comments).
 - iii. Note that submissions are subject to the Official Information Act and may, therefore, be released in part or full. The Privacy Act 1993 also applies.
4. Submit your feedback:
 - i. As a Microsoft Word document by email to ACregs@mbie.govt.nz with subject line: *Consultation: ACC regulated payments for treatment*, or
 - ii. By mailing your submission to:

Questions on increases to rates set by the cost of treatment regulations

Question 1

Do you agree that tailored payment increases reflecting wage increases in the main occupational groups (option D in discussion document), which will result in the increases detailed in Table 4 reproduced below, best meets the following policy objectives:

- Claimants are able to access treatment, meaning co-payments should be affordable
- Costs to ACC are sustainable, affordable and predictable (gradual increases)
- Payments are not too dissimilar between the health and ACC systems.

If you do not agree, why not? Please provide reasons for your view.

Nurse Practitioner's New Zealand, the professional body responsible for New Zealand's fastest growing health profession, do not agree that the tailored payment increases will meet the ACC's objectives. "Payments are not too dissimilar between the health and ACC systems" will not be met as the public health system does not charge surcharges. The cost of the surcharge is unaffordable for some patients which can lead to health inequities. Therefore, ACC cannot meet its other objective in relation to "claimants are able to access treatment, meaning co-payments should be affordable".

Table 4: Services eligible for payment increases

Accident Compensation (Liability to Pay or Contribute to Cost of Treatment) Regulations 2003			
Treatment Provider	Regulation	Service	Proposed Increase
Counsellors	9	Consultation	9.36%
Dentists	10 and Schedule	Consultation and treatment costs	5.70%
Medical practitioners	13 and Schedule	Consultation and treatment	5.70%
Nurses	14 and Schedule	Consultation and treatment	7.85%
Medical practitioners and nurses	15 and Schedule	Combined consultation and treatment	4.60%
Nurse practitioners	15A and Schedule	Consultation and treatment	7.85%
Specialists	16 and Schedule	Consultation and treatment	5.70%
Hyperbaric oxygen	11 and Schedule	Treatment costs	5.70%
Radiologists	12 and Schedule	Consultations and imaging	5.70%

Proposed updates to ACC regulated payments for treatment

Specified Treatment Provider	Regulation	Service	Proposed Increase
Acupuncturists	17 and Schedule	Treatment costs	9.36%
Chiropractors	17 and Schedule	Consultation, treatment and imaging	9.36%
Occupational therapists	17 and Schedule	Treatment costs	9.36%
Osteopaths	17 and Schedule	Consultation, treatment and imaging	9.36%
Physiotherapists	17 and Schedule	Consultation, treatment and imaging	9.36%
Podiatrists	17 and Schedule	Consultation, treatment and imaging	9.36%
Speech therapists	17 and Schedule	Treatment costs	9.36%

Question 2

Do you have any concerns about the impact the regulated payment regime has on particular population groups who have difficulty in accessing treatment? If so, please provide examples and reasons for your view.

The payment increases are not sufficient to counter act the barriers some patients face when accessing ACC care due to the surcharges. With the rising cost of living, for many patients, ACC covered GP visits or physiotherapy is less affordable and more patient's do not access care due to the cost. In many areas in NZ, patients cannot access publicly funded physio if they have ACC cover, but the surcharges are prohibitive. This leads to health inequities and further needs to be done to address this. The no surcharge clinics pilot in South Auckland should be rolled out nationally, with outcome measures to ensure quality care is provided.

Question on the hearing loss regulations

Question 3

Do you have a view on the proposed nil increase to the payments listed in Table 5 reproduced below? Please provide reasons for your view.

Table 5: Hearing Loss Services

Accident Compensation (Apportioning Entitlements for Hearing Loss) Regulations 2010 (the Hearing Loss Regulations)			
Provider	Regulation	Service	Increase
Audiologists	5, 5A, 6, 8, 9, 10, 10A	Assessment, consultations, fittings, service, repairs and replacement ear moulds	0.00%

Questions on the proposed new Nurse Practitioner and Nurse combined rate

Question 4

Do you agree with introducing a new nurse practitioner and nurse combined treatment rate, and the specific rates (before the general increase proposed in section 3) listed in Table 6 reproduced below? Please provide reasons for your view.

Table 6: Nurse Practitioner and Nurse combined treatment rates

Definition	Treatment rate
If the claimant is 14 years old or over when the visit takes place and is not the holder of a community services card or the dependent child of a holder	\$29.33
If the claimant is under 14 years old when the visit takes place	\$54.21
If the claimant is 14 years old or over when the visit takes place and is the holder of a community services card	\$50.88
If the claimant is 14 years old or over but under 18 years old when the visit takes place and is the dependent child of a holder of a community services card	\$55.71

The combined NP/RN treatment rates are a positive step to address issues some patients (especially those in rural/ hard to staff areas) face. However, the payment rates are not sufficient to adequately ensure surcharges are low enough not to pose a barrier to patients accessing care
