222	Wood Processing

Kānoa – Regional Economic Development & Investment Unit

Kānoa – Regional Economic Development & Investment Unit (Kānoa – RDU) delivers government funding to grow the economies of regional New Zealand.

Kānoa – RDU works with other government organisations, industry, communities, iwi and local government to manage and deliver funds tailored to build our regional economies. As part of the delivery of the Regional Strategic Partnership Fund (RSPF), Kānoa – RDU is working with Regional Economic Development (RED) partnerships in each region to develop regionally-specific projects.

In te reo Māori, the literal translation of kā is fire, and noa without restraint, used in proverbs and lore, it also provides a broader meaning in te ao Māori. Kānoa was the guardian of Hawaiki's Rua-kumara, or kumara store house. By distributing kumara to others, he helped his people thrive and develop both their whenua (land) and their capability.

The name Kānoa was selected for the unit in recognition of Kānoa as kaitiaki, a guardian who helped grow prosperity through investment. The phrase 'kei te kā noa te ahi' (is the fire burning?) is used by tangata whenua to ask if their home fire is alight and all is well. This meaning encapsulates the core principle of Kānoa – RDU, to enable the development of people and their communities to ensure their well-being and prosperity.

Purpose of this update

This document is a quarterly update to the Cabinet Economic Development Committee and shows the progress of, and impact made by, government investments managed by Kānoa – RDU across Aotearoa New Zealand.

The report outlines funding levels paid against the 1,718 projects under Kānoa – RDU's direct and indirect management. It covers investments made through the following funds:

- Provincial Growth Fund (PGF)
- COVID-19 Response and Recovery Fund (CRRF) - Infrastructure Reference Group
- Regional Investment Opportunities (RIO) - NZ Upgrade Programme
- Regional Strategic Partnership Fund (RSPF)
- Strategic Tourism Assets Protection Programme (STAPP)
- COVID-19 Response - Worker Redeployment Package
- Queenstown Economic Transformation and Resilience Fund
- Regional Growth Initiatives

Where payments have not been made or where contracts have not been signed, commentary has been provided. This information is commercially sensitive and should not be distributed.

Data in this report is for the financial quarter July to September 2022 and commentary is up to date at the time of completion (excluding the data for the status report on page 15, which is taken from 5 March 2023).

Progress since last report

FUND	Contracted			Paid		
	Jun-22	Sep-22	Quarter Change	Jun-22	Sep-22	Quarter Change
Provincial Growth Fund	\$2,896,732,477	\$2,954,736,421	\$58,003,944	\$2,004,035,669	\$2,134,235,745	\$130,200,076
COVID-19 Response and Recovery Fund (Infrastructure Reference Group)	\$679,808,532	\$678,203,531	-\$1,605,001	\$365,654,375	\$409,908,081	\$44,253,707
Regional Investment Opportunities (NZ Upgrade Programme)	\$194,120,000	\$194,120,000	\$0	\$132,088,017	\$145,768,687	\$13,680,670
Regional Strategic Partnership Fund	\$2,000,000	\$2,000,000	\$0	\$2,000,000	\$2,000,000	\$0
Strategic Tourism Assets Protection Programme	\$112,492,006	\$107,992,006	-\$4,500,000	\$103,355,081	\$100,790,691	-\$2,564,390
COVID-19 Response - Worker Redeployment Package	\$96,112,144	\$96,388,820	\$276,676	\$86,019,932	\$86,216,993	\$197,060
Total	\$3,981,265,159	\$4,033,440,778	\$52,175,619	\$2,693,153,074	\$2,878,920,197	\$185,767,123

During this reporting period, Kānoa – RDU worked with regional partnerships and other stakeholders to identify innovative, aspirational and high-value proposals to support regional economic growth. Kānoa – RDU consults with other agencies and a number of advisory groups to provide well-rounded advice to decision-makers and ensures RSPF proposals are strategically aligned with regional, sector and Māori-enabling priorities.

Progress since last report

The Crown Regional Holdings Limited (CRHL) Board of Directors met twice in the reporting period. The Board visited the Bay of Plenty for the September 2022 meeting, and intends to continue holding meetings in the regions from time to time. The visit was a success and involved visiting a number of Crown-funded projects including the Ōpōtiki Harbour development, Whakatōhea Mussel factory, the Ōpōtiki CBD upgrade and a tour of the Māori Trades and Training facility at Ōpōtiki College.

The Board continues to meet regularly to discuss the operations and the management of its investments. As at 30 September 2022, CRHL holds 153 loans, 11 equity investments and two investments in physical assets totalling \$826.0 million.

Regional Economic Development (RED) Senior Officials met in August 2022, providing intelligence from the regions and advice on proposals in the RSPF pipeline.

Māori Economic Development Ministers met twice in the reporting period and discussed RSPF proposals going to RED Ministers.

RED Ministers considered proposals twice in this reporting period. In July 2022, they approved four proposals, three of which were horticulture development proposals from different regions, aimed at accelerating Māori aspirations:

- Waihau Bay Horticulture Project (Bay of Plenty)
- Commercial Information
- Commercial Information
- Commercial Information

In August 2022, RED Ministers met and approved the proposed policy settings of Stream 2 of the RSPF and three proposals:

- Deep Dive Division (Waikato)
- Mātai in (Tairāwhiti)
- Commercial Information

\$52.4 million was allocated to RSPF projects by the end of September 2022. Kānoa – RDU continues to progress a pipeline of potential investments, working closely with government agencies and directing proposals towards alternative funding avenues where they are not eligible for RSPF investment.

Key highlight: Kānoa – RDU Investment in Infrastructure

\$1.2 billion
approved funding

\$1.2 billion
contracted funding

\$881.5 million
paid funding

This report highlights the following areas of investment: Rail, Road, Climate Resilience Programmes, Ports and Airports.

Aotearoa New Zealand needs robust and safe infrastructure to provide a foundation for economic growth.

Currently infrastructure inequities exist between regions which limits opportunities for rural and urban areas to improve business productivity, connect people and supply chains around the country, and protect the whenua against the effects of climate change.

The Government has invested \$881.5 million into Rail, Road, Climate Resilience Programmes, Ports and Airports Infrastructure through Kānoa – RDU. This investment will improve existing infrastructure to align with national standards and ensure new construction is sustainable over time.

Examples from each sector are highlighted on pages 9 – 14 and a full list of projects for each sector can be found on pages 137 – 222.*

SECTOR	APPROVED	CONTRACTED	PAID
Rail	\$461,430,000	\$461,430,000	\$395,610,798
Road	\$357,459,250	\$357,459,250	\$249,090,153
Climate Resilience	\$211,802,999	\$203,021,596	\$104,300,036
Ports	\$193,715,855	\$172,915,855	\$115,968,208
Airports	\$17,433,498	\$17,433,498	\$16,530,532
TOTAL	\$1,224,408,104	\$1,212,260,199	\$881,499,727

*NOTE Climate resilience is part of IRG sector, see page 149 for Climate Resilience projects

Project highlights

ROAD & RAIL

Approved	\$818.9 million
Paid	\$644.7 million

Pan Region – Deferred Maintenance and Drainage

A total of \$818.9 million has been invested through Kānoa – RDU across New Zealand into road and rail projects. Improved transport links across New Zealand will help enable economic activity, unlock regional productivity and support local businesses and groups to get products into the national market. Investment into these projects was determined by collaborating with regions to assess national transport networks and prioritising those that predicted the most significant impact on regional productivity. Effective transport infrastructure allows people to move their services to areas of need and encourages co-location of manufacturing facilities and distribution hubs.

The Deferred Maintenance and Drainage project was a major KiwiRail initiative that received a \$26 million grant through Kānoa – RDU, providing both physical drainage systems on rail tracks as well as training for local contractors. A focus on training, supported by on the job experience, resulted in 48 of the 60 fixed-term employees transitioning to permanent employment. These individuals now have the skills and experience to further their careers in the rail and construction industries. This project continues to be recognised as leaving a strong legacy on the new recruits, communities and regional New Zealand.

Pan Region – Deferred Maintenance and Drainage

Project highlights

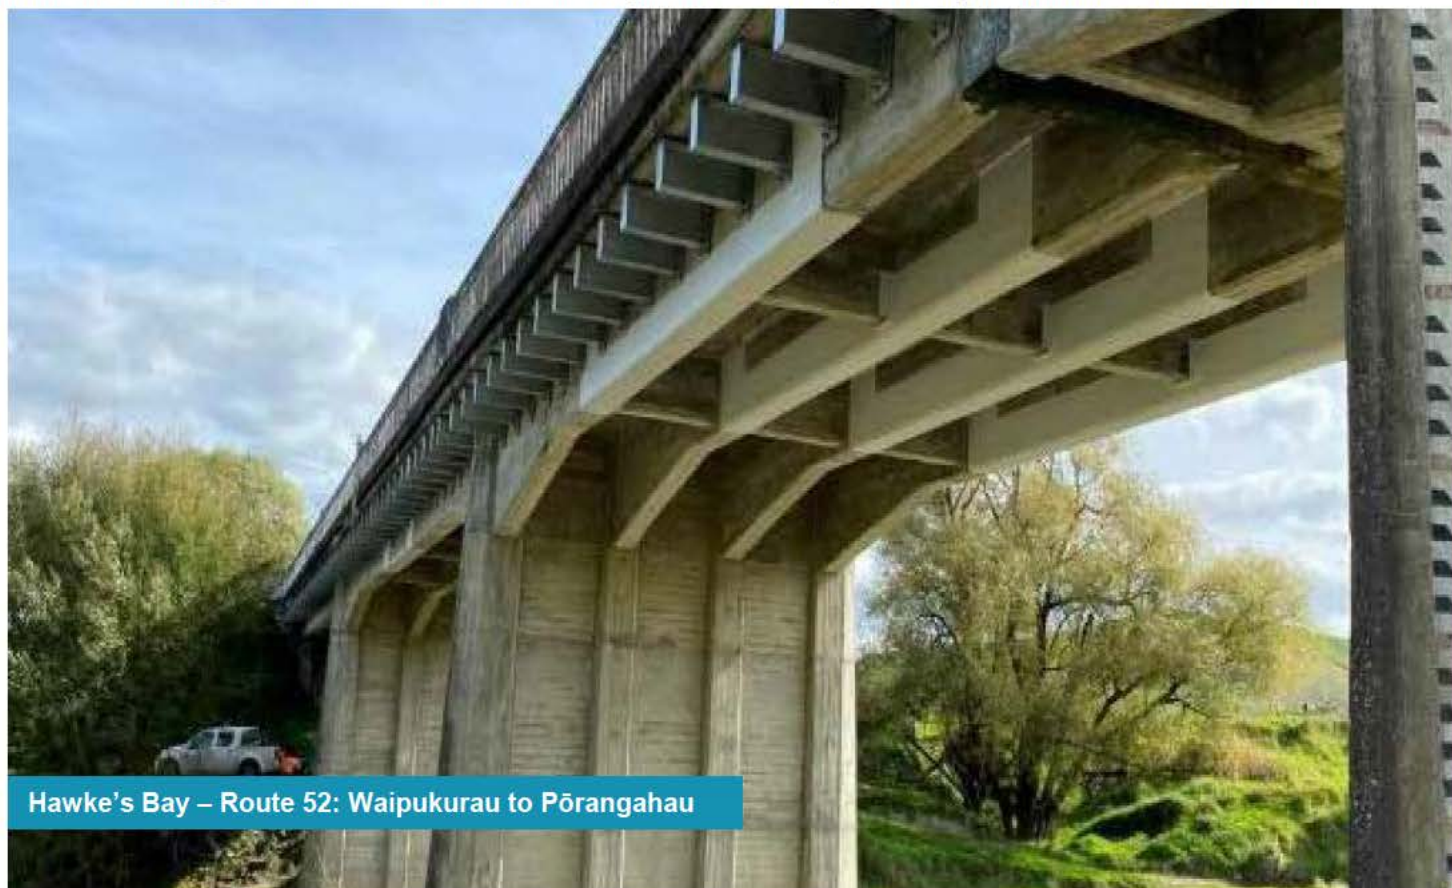

ROAD & RAIL

Approved	\$818.9 million
Paid	\$644.7 million

The Central Hawke's Bay District Council (CHBDC) received a \$20.1 million grant from the Government to improve Route 52 Waipukurau to Pōrangahau. The improvements to Wimbledon and Pōrangahau Roads offer a reliable freight route to the port of Napier and a beautiful natural landscape for tourists visiting the Hawke's Bay region.

The majority of the roading network could not support high productivity motor vehicles (HPMV) and safety concerns had been raised over the number of crashes on the route. The project will increase safety and resilience, with new concrete, chip sealing and resealing ensuring that HPMV could now safely use this network.

As at September 2022, almost all work is complete, marking the most recent of 20 successfully delivered roading projects in central Hawke's Bay.

Hawke's Bay – Route 52: Waipukurau to Pōrangahau

Project highlights

CLIMATE RESILIENCE PROGRAMMES

Approved	\$211.8million
Paid	\$104.3 million

Hawke's Bay – Native Alluvial Forest Planting

Regions across New Zealand received \$211.8 million through Kānoa – RDU managed funds (CRRF). This funding is supporting 55 projects focused on supporting communities to meet climate change challenges such as extreme weather events and flooding. These projects will mainly focus on strategies such as building or upgrading stop banks, planting trees to reduce erosion and upgrading or replacing pumps.

The impact of flooding is often devastating to communities and local economies, impacting critical road, rail, air, built infrastructure, productive agricultural land, and the lives and livelihoods of many people.

As at September 2022, 10 of these projects are complete, with 13 more on track to be delivered over the next 12 months and the remaining 32 due to be delivered by 2024.

The programme has already achieved some impressive results:

- It has created 5,297 hectares of catchment with protected fish-safe pathways
- saved an estimated \$50 million in flood damage in Kaitia alone
- allowed the creation or enhancement of 835 hectares of wetlands
- created 653 local jobs.

Project highlights

CLIMATE RESILIENCE PROGRAMMES

Approved	\$211.8million
Paid	\$104.3 million

As part of the wider Manawatū-Whanganui Climate Resilience Programme, Horizons Regional Council (HRC) received a \$11.2 million grant from the Government to address Foxton Township's high exposure to flooding which is caused by an inadequate drainage system. Rising sea levels pose a threat to the area's future and HRC's long-term plan proposes to focus on issues surrounding climate change. The funding will allow the upgrade of sections to the existing stop bank that meet higher engineering standards, construct a surface water drainage system and divert excess water to the existing Whirokino drainage scheme.

HRC has said the "funding has enabled [it] to explore options including a mitigation strategy which diverts water away from Foxton Township and stores it on rural land south of Foxton". HRC are regularly meeting with affected landowners and local iwi to identify the impact of this work on taonga, whenua, and wāhi tapu.

Manawatū-Whanganui – Lower Manawatū Scheme Climate Resilience Project (image from Horizons Regional Council website)

Project highlights

PORTS

Approved	\$193.7 million
Paid	\$116 million

The Government has invested \$193.7 million in ports and wharves through Kānoa – RDU. All investments are aligned with regional action plans and aimed to upgrade, repair or extend existing wharves and ports. Many projects include further infrastructure upgrade components, creating indirect jobs for local residents.

These projects have enabled the local maintenance of large vessels and allowed small-scale businesses, such as fishing operations, to grow alongside large-scale aquaculture initiatives. Revitalisation of existing ports and wharves supports alignment with world-class standards and keeps regional New Zealand accessible and connected to the same trade opportunities as the larger metropolitan ports.

The Government has invested \$25 million into the Whanganui Revitalisation Infrastructure project, Te Pūwaha. This project will support the expansion of local businesses and meet the increasing demand for freight moving throughout the region.

The project team wanted to incorporate values that reflected the status of the Whanganui River as Te Awa Tupua (a living being), ensuring the project would be inclusive and collaborative, always keeping the wellbeing of the people and river at the heart of the project. The project has achieved this through collaboration between local councils, hapū, iwi and businesses, working together to achieve excellent outcomes for the region.

Concept – Whanganui District Council Hardstand & Vessel Hoist Runway with Q-West building (image from Whanganui District Council website)

Project highlights

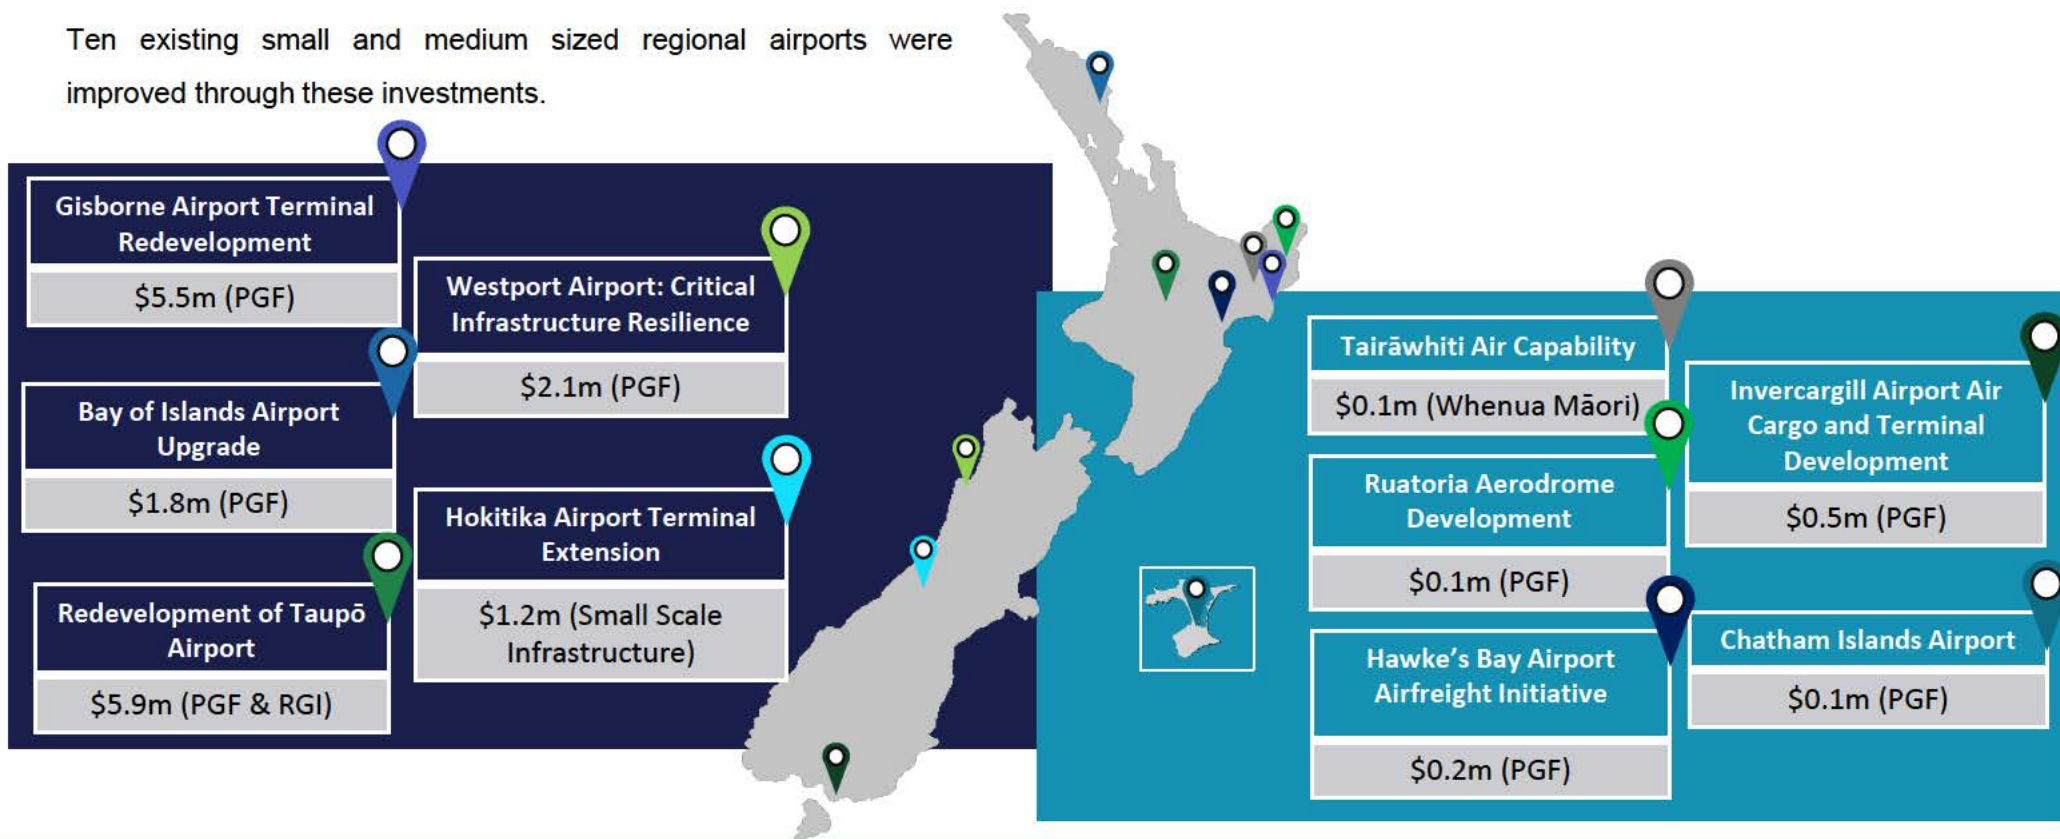

AIRPORTS

Approved \$17.4 million

Paid \$16.5 million

Many regions expressed the importance of airports for economic development and social inclusion, necessary for realising the potential of opportunities in many sectors, including Tourism. The Government's investment through Kānoa – RDU enabled the maintenance and enhancement of several airports across New Zealand to keep them safe, secure, resilient and operational. Successful funding proposals showed a direct link between air services and economic markets, the potential to expand local businesses and alignment with regional sector priorities.

Ten existing small and medium sized regional airports were improved through these investments.

Kānoa – RDU Project Status Report

This report provides an overview of Kānoa – RDU project portfolios. Kānoa – RDU has a role in the management of eight key funds¹ and has 1,793 projects under management for a combined total of \$4,390.3m as at 5 March 2023².

<p>PROVINCIAL GROWTH FUND <i>To accelerate regional development, increase regional productivity and contribute to more, higher-paying jobs.</i></p> <p>\$3,028.9m Total Fund³ \$3,015.0m Approved³ \$2,951.5m Contracted \$2,2034.5m Paid</p> <p>✓ 1350 approved projects³</p>	<p>COVID-19 RESPONSE AND RECOVERY FUND INFRASTRUCTURE REFERENCE GROUP <i>To support construction-ready infrastructure projects and accelerate construction-related spend.</i></p> <p>\$713.8m Total Fund⁴ \$705.7m Approved⁴ \$687.1m Contracted \$478.6m Paid</p> <p>✓ 161 approved projects⁴</p>	<p>REGIONAL INVESTMENT OPPORTUNITIES <i>To support regional economic development through infrastructure as part of the \$12b Capital Investment Package.</i></p> <p>\$210.5m Total Fund \$206.0m Approved³ \$201.1m Contracted \$173.0m Paid</p> <p>✓ 18 approved projects</p>	<p>REGIONAL STRATEGIC PARTNERSHIP FUND <i>To support regional economies to be more productive, resilient, sustainable, inclusive and Māori-enabling.</i></p> <p>\$200.0m Total Fund \$72.5m Approved \$21.3m Contracted \$8.5m Paid</p> <p>✓ 27 approved projects</p>

Definitions: Total Fund - the value appropriated into the relevant fund to administer; Approved - funding approved at an individual project level; Contracted - funding written into signed agreements with recipients or transferred to a partner agency to administer; Paid - funding disbursed from the relevant agency to the recipient.

¹ Kānoa also administers the Sector Workforce Engagement Programme which is a cross-government initiative to work with industry to develop a shared understanding of their key labour market and skills issues and take steps to address them. However, this funding is all operational expenses and as such, has been removed from this report.

² Partner Agency data as at 31 January 2023, Kānoa data as at 5 March 2023. The total fund value is a representation of the post-SUPPS appropriated value for each fund and includes uncommitted funding and operational expenditure. The Provincial Growth Fund (PGF) includes Regional Investment Opportunities (RIO) funding that was transferred as part of the COVID-19 response.

³ The PGF total fund and approved figure have increased due to the reallocation of approved funding from RIO (additional to transfer mentioned in 2); the RIO approved funding has respectively decreased. The PGF project count has decreased due to four projects being withdrawn.

⁴ The COVID 19 Response and Recovery Fund Infrastructure Reference Group total fund and approved figure have increased due to the withdrawal of a project and the funds being reallocated against several other projects. The project count has decreased due the withdrawal of seven projects.

⁵ The Strategic Tourism Assets Protection Programme total fund has decreased due to an underspend adjustment between FY2021/22 and FY2022/23.

Regions overview

The following pages provide headline data for each region and the full list of approved projects by region.

The project lists are now available on growregions.govt.nz and are updated monthly.

All contracted active projects	
Total active projects	801
% of active projects that have received funding	98.4%
Total closed projects	854

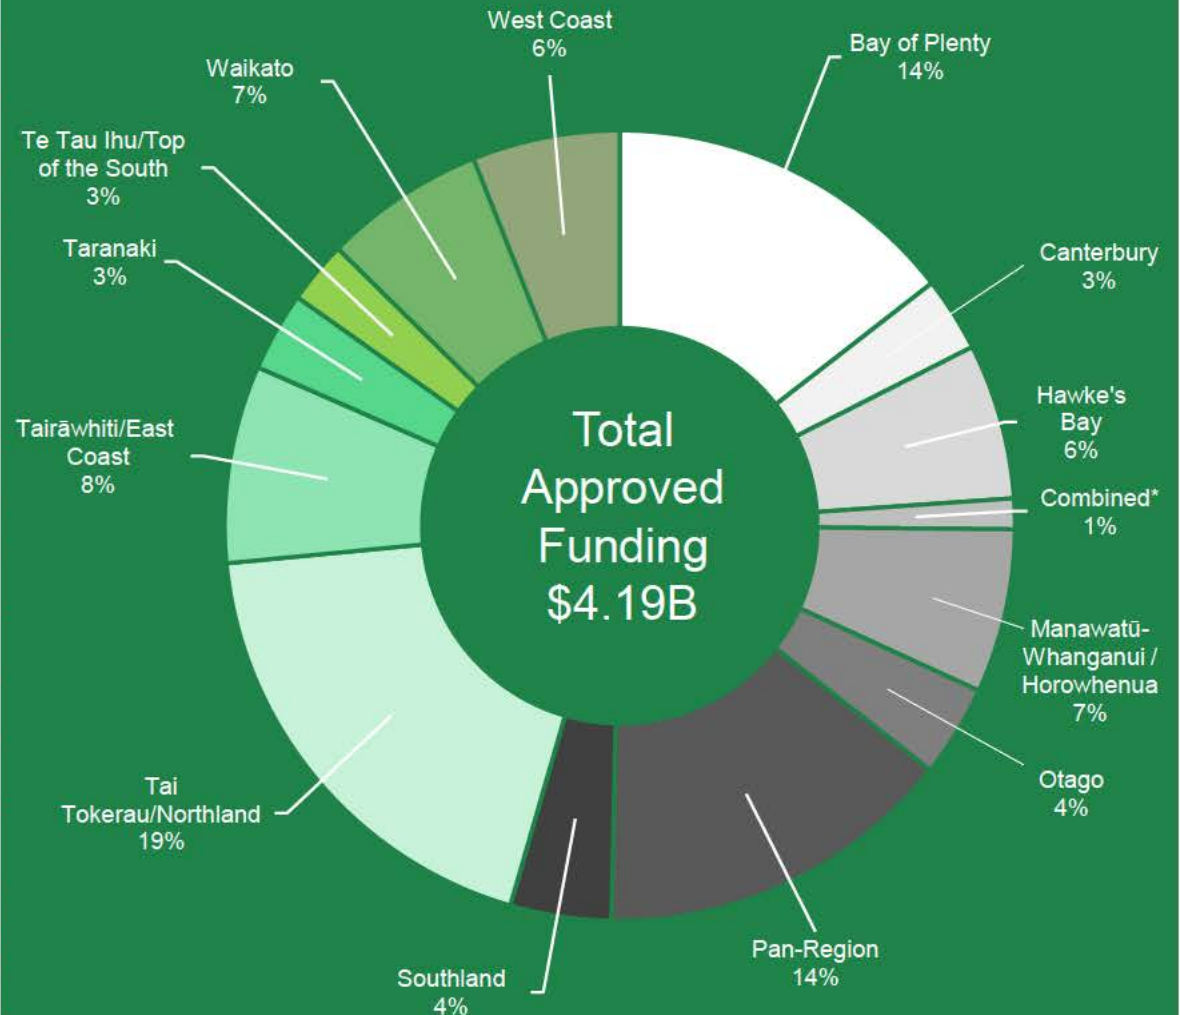

Kānoa
Regional Economic Development
& Investment Unit

Please Note:

1. For the purpose of this report, active projects have been defined as those which are contracted.
2. The 'Combined' section of the donut chart represents regions which received less than 1% of the total approved funding. These regions are: Kāpiti, Chatham Islands and Wairarapa.
3. Kānoa – RDU uses a parent/child structure to record and monitor project types where there are inter-related contracts. This structure is used when dealing with the following situations:
 - Where there is one application for multiple projects. This will ensure the correct funding amount is captured.
 - If there is one project or contract reliant on funding from multiple allocations. This will ensure we can accurately report on each funding stream.
 - When there is one project or contract relying on multiple funding types. This will ensure we can accurately report on each funding type.
 - In the case where a single contract covers multiple projects, for example, clusters of separate marae.

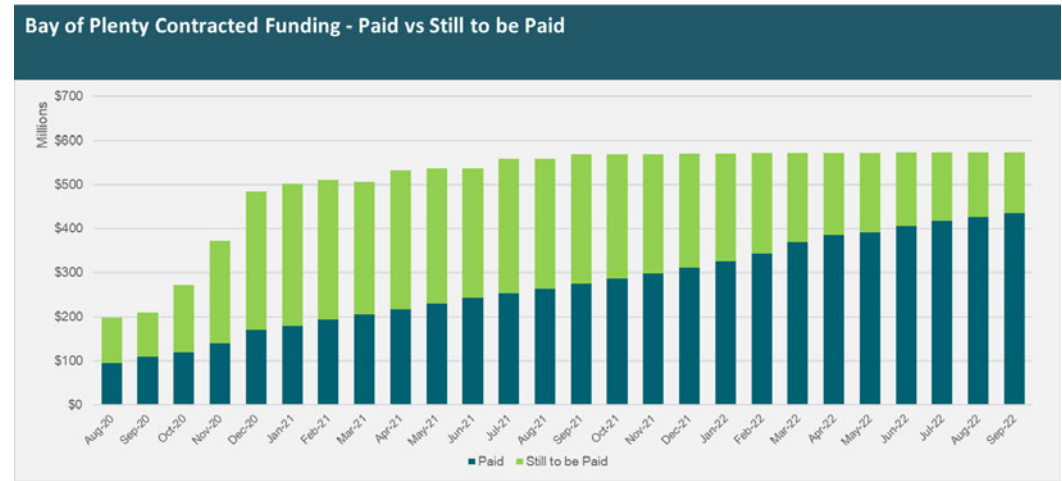

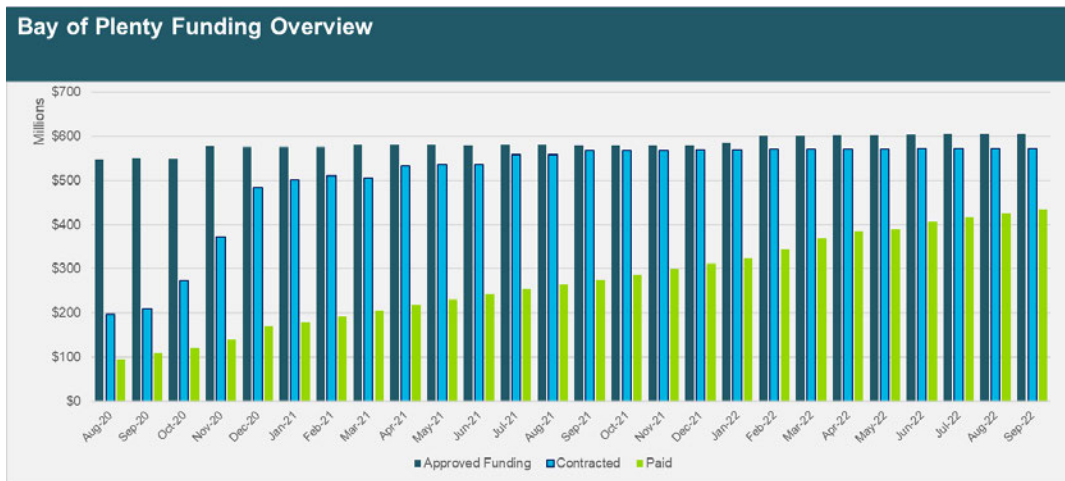

Investment by Region

Region	Approved	Contracted	Paid
Bay of Plenty	\$606,679,106	\$573,109,711	\$433,821,182

Sectors overview

The following pages provide the full list of approved projects by sector.

Please note:

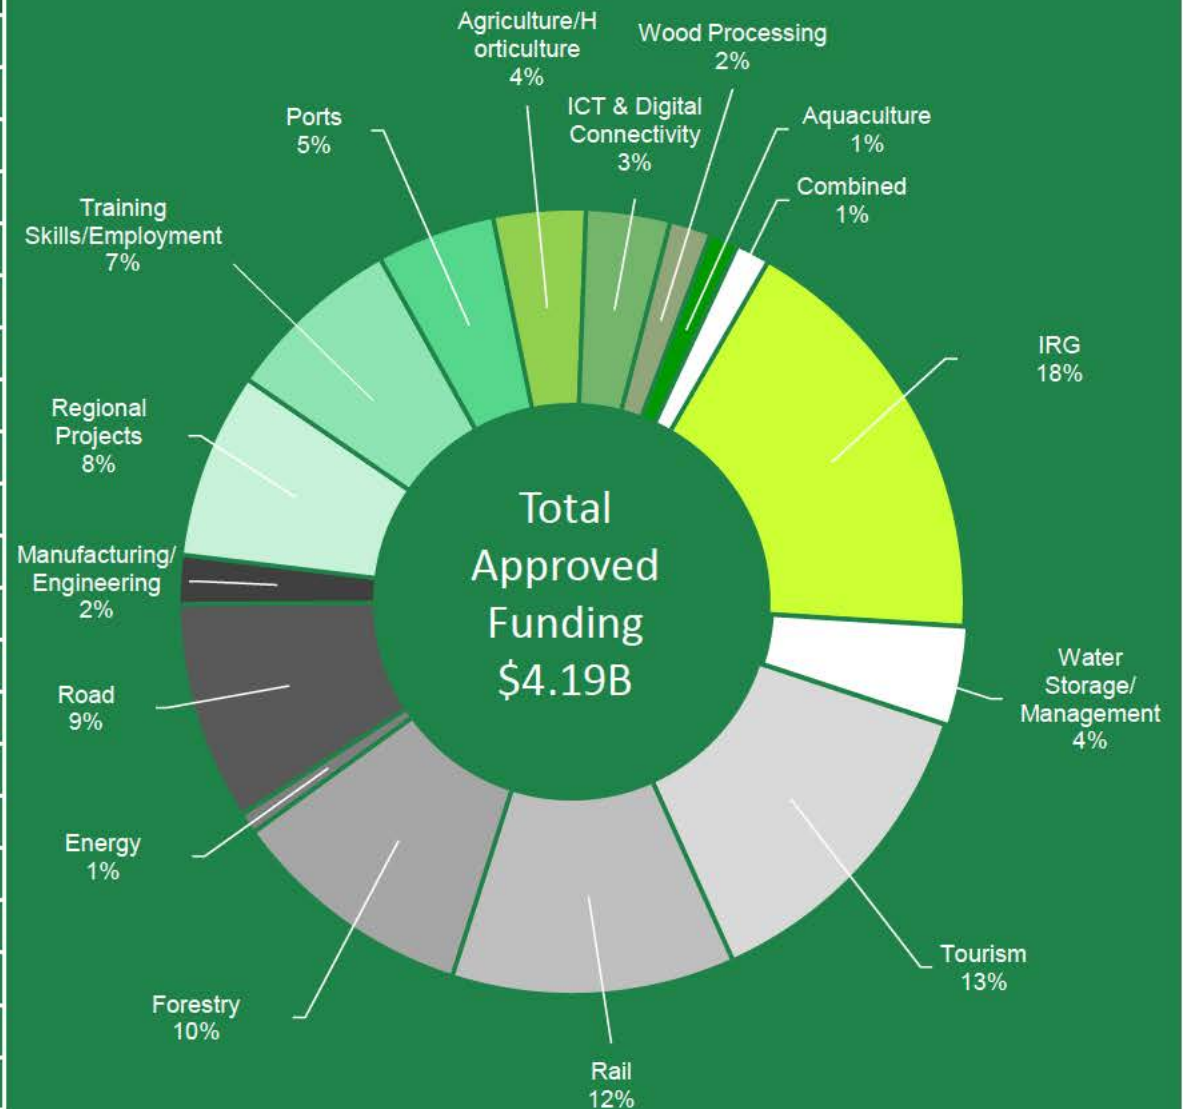

1. Both parent and child values are retained and some parent/child deals may not always fall under the same sector.
2. Capability and Capacity projects have been included in the Training Skills/Employment sector.
3. The total approved figure of \$4.19 billion includes operating costs which are excluded from the individual sector breakdowns.
4. The 'Combined' segment of the donut chart represents sectors which each received 1% or less of the total approved funding. These sectors are: Airports, Mining, Advanced Manufacturing, Research & Development, Construction and Waste/Recycling.
