Kānoa – Regional Economic Development & Investment Unit

Kānoa – Regional Economic Development & Investment Unit (Kānoa – RDU) delivers government funding to grow the economies of regional New Zealand.

In Te Reo, the literal translation of *kā* is fire, and *noa* without restraint, used in proverbs and lore, it also provides a broader meaning in Te Ao Māori. Kānoa was the guardian of Hawaiki's Rua-kumara, or kumara store house. By distributing kumara to others, he helped his people thrive and develop both their whenua (land) and their capability.

The name *Kānoa* was selected for the unit by Te Rau Kupenga (Ngāti Porou) in recognition of Kānoa as kaitiaki, a guardian who helped grow prosperity through investment. The phrase *Kei te kā noa te ahi* (is the fire burning?) is used by tangata whenua to ask if their home fire is alight and all is well. This meaning encapsulates the core principle of Kānoa: to enable the development of people and their communities to ensure their well-being and prosperity.

Purpose of this update

This document is a quarterly update to the Cabinet Economic Development Committee and shows the progress of, and impact made by, investments managed by Kānoa – RDU across Aotearoa New Zealand.

The report outlines funding levels paid against the 1,717 projects under Kānoa – RDU's direct and indirect management. It covers investments made through the following funds:

- Provincial Growth Fund (PGF)
- COVID-19 Response and Recovery Fund (CRRF) - Infrastructure Reference Group
- Regional Investment Opportunities (RIO) - NZ Upgrade Programme
- Strategic Tourism Assets Protection Programme (STAPP)
- COVID-19 Response - Worker Redeployment Package
- Regional Strategic Partnership Fund (RSPF)

Where payments have not been made or where contracts have not been signed, commentary has been provided. This information is commercially sensitive and should not be distributed.

Data in this report is for the financial quarter April to June 2022 and commentary is up to date at the time of completion (excluding the data for the status report on page 12, which is taken from the end of August 2022).

Progress since last report

Kānoa – RDU continues to deliver government investments

The below table provides an overview of how Kānoa – RDU investments have progressed since the previous January – March quarterly report to the Cabinet Economic Development Committee.

Fund	Contracted			Paid		
	Mar-22	Jun-22	Quarter Change	Mar-22	Jun-22	Quarter Change
Provincial Growth Fund	\$2,899,399,204	\$2,896,732,477	-\$2,666,727	\$1,869,611,407	\$2,004,035,669	\$134,424,262
COVID-19 Response and Recovery Fund (Infrastructure Reference Group)	\$679,533,101	\$679,808,532	\$275,431	\$315,867,577	\$365,654,375	\$49,786,798
Regional Investment Opportunities (NZ Upgrade Programme)	\$194,120,000	\$194,120,000	\$0	\$93,454,102	\$132,088,017	\$38,633,915

COVID-19 Response - Worker Redeployment Package	\$96,112,144	\$96,112,144	\$0	\$84,331,543	\$86,019,932	\$1,688,389
Total	\$3,983,690,455	\$3,979,265,159	-\$4,425,296	\$2,455,176,717	\$2,691,153,074	\$235,976,357

Investment in Digital Connectivity

Kānoa – RDU administers funding for a range of projects that support a thriving, equitable digital future for Aotearoa New Zealand. These projects cover multiple regions and range from marae connectivity to infrastructure for rural broadband/mobile blackspots. Pages 8 – 11 of this report provide examples of projects that support these outcomes.

Kānoa – RDU's work programme

- **Kānoa – RDU's** focus in this reporting period was close management of existing investments, supporting the completion of projects, and working with regional partnerships to identify innovative, aspirational and high-value proposals to support regional economic growth.
- **The RSPF** continues to progress and \$33.6 million was allocated by end of June 2022. Kānoa – RDU continues to work with a pipeline potential investments as well as government agencies/funds that may be able to assist good opportunities that are not eligible for RSPF funding. During the April to June period, Ministers considered nine funding proposals and agreed to invest in eight: AgriSea New Zealand Seaweed in Waikato, Toitū Tairāwhiti Housing Limited in Tairāwhiti, **Commercial Information**, Plentyful Limited in Manawatū-Whanganui/Horowhenua, Techlam Ltd in Manawatū-Whanganui/Horowhenua, **Commercial Information**, and New Zealand Functional Foods in Southland.

A further seven proposals have been considered post-June 2022.

- **Regional Economic Development (RED) Ministers** (The Minister of Finance, Minister of Social Development and Employment, Minister for Economic and Regional Development and the Minister for Māori Economic Development) have met once in the April to June 2022 period. At this meeting Ministers agreed to fund eight proposals through the RSPF.
- **Māori Economic Development Ministers (MEDM)** have met once in the April to June 2022 period. MEDM discussed all RSPF proposals going to RED Ministers and received updates on He Kai Kei Aku Ringa and the Māori & Future of Work forum.
- **RED Senior Officials** have met twice in the April to June 2022 period. They discussed RED priorities and existing projects, and possible RSPF proposals.
- **The Crown Regional Holdings Limited (CRHL) Board of Directors** have met three times in the April to June 2022 period (not including three out of cycle considerations of RSPF proposals) and continues to keep a close eye on the potential impacts of world events on Kānoa – RDU's investment portfolio. The Board of Directors has also provided advice about the commercial viability of potential RSPF proposals. As at 30 June 2022, CRHL holds 162 loans, 9 equity investments and 2 investments in physical assets totalling \$823.5 million.

The Board was expanded to seven directors in June 2022, but following Graeme Mitchell's retirement from the Board post-June 2022, now comprises six members: Rodger Finlay (Chair), Neville Harris QSO, Rt. Hon. Dame Patsy Reddy (GNZM CVO QSO DStJ), Rosie Mercer, Anne-Marie Broughton and Elizabeth Hopkins.

Key highlight: Kānoa – RDU Investment in Digital Connectivity

\$137.1 million
approved funding

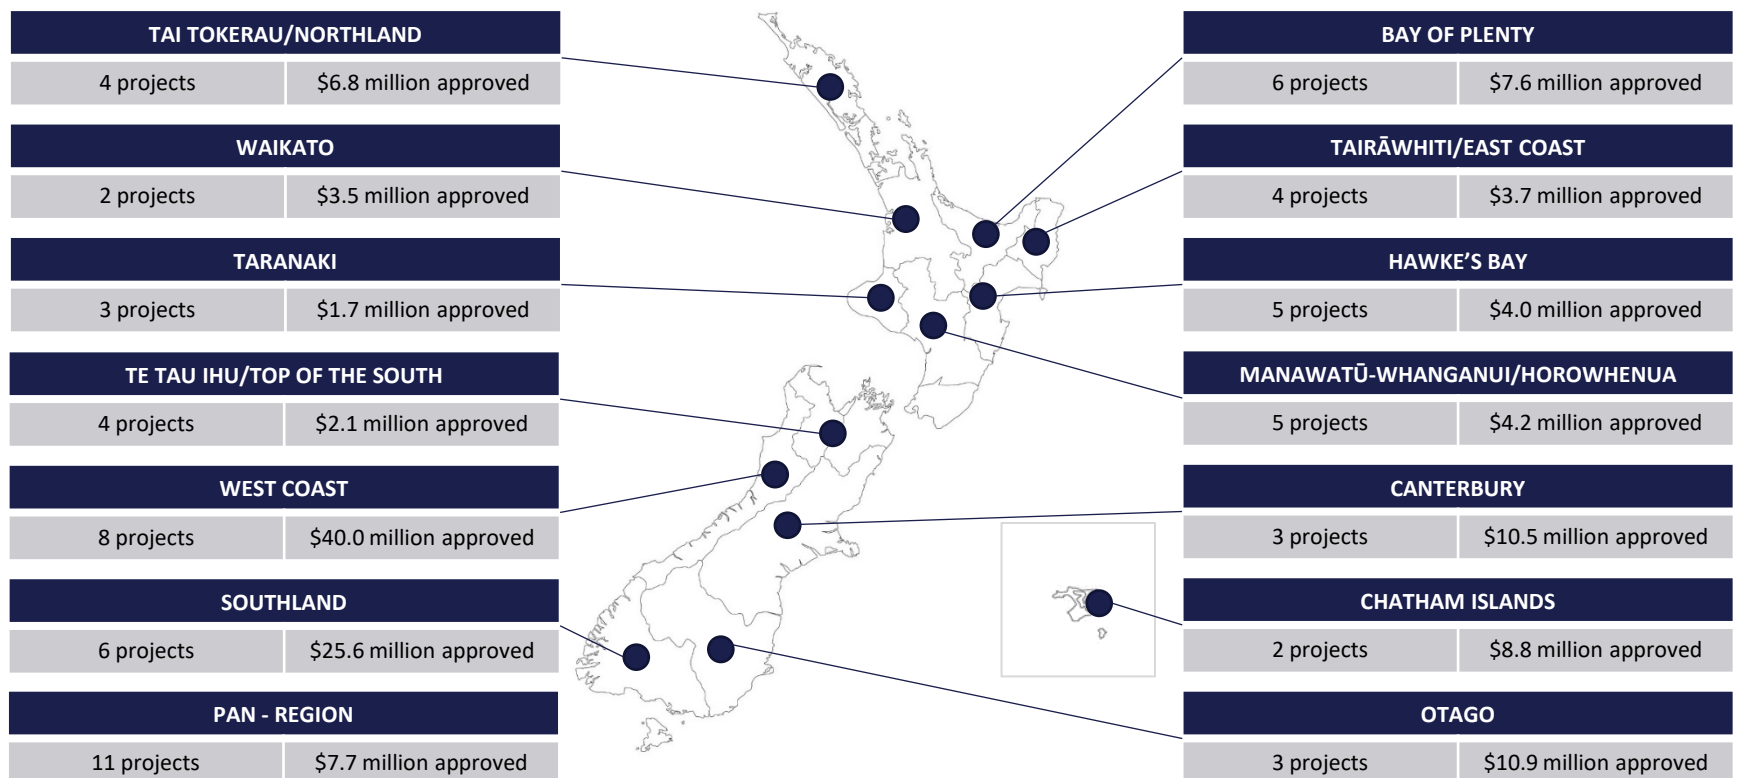

\$137.1 million
contracted funding

\$91.9 million
paid funding

‘Digital connectivity’ includes all telecommunications network infrastructure, capabilities, systems and facilities to make online connectivity accessible. These investments will provide opportunities for people to work outside urban centres, improve business productivity and provide a platform for start-up businesses to seek international recognition. More importantly, they will ensure talent remains in the regions.

This report highlights the following projects: Regional Digital Hubs, Marae Connectivity and Capability, Rural Broadband Initiative Phase Two (RBI2)/Mobile Black Spot Fund (MBSF), RBI2/MBSF in the Chatham Islands, West Coast Ultra Fast Broadband (UFB) & Mobile, and Fibre Links. The ‘Digital connectivity’ portfolio also includes Centre of Digital Excellence projects, Marlborough Sounds Smart Services Deployment project, New Zealand Regional Elevation Data Capture projects, and the Puawai: Flourishing Together project.

Project highlights

REGIONAL DIGITAL HUBS

Approved	\$6.1 million
Paid	\$4.1 million

Katikati Digital Hub – Bay of Plenty (photo taken by Kānoa – RDU official)

A variety of councils and organisations across New Zealand received grants totalling \$6.1 million through the PGF to support the development of 15 digital hubs in remote communities. The funding included upfront fit-out and connection costs, as well as five years of operational support.

The hubs have been established in remote areas across New Zealand where communities were without a centralised business facility. Providing a location with internet and co-working facilities enabled access to services, key markets and the ability for geographically distant groups to collaborate.

Providing remote rural communities with the tools to engage in the digital world is an important way to remove barriers to national and international markets and services. It is anticipated these hubs will enable local businesses to become better connected to other businesses, markets and users. This includes supporting tourism, cultural connections and links with the broader community.

The programme is a key part of the Government’s drive to improve digital accessibility in provincial and rural New Zealand to not only support jobs and skills development, but also ensure all New Zealanders are socially included.

All hubs are currently operating, with the first contract ending in 2024 and the last ending in 2026. As at June 2022, over 100 direct and indirect jobs have been created over the lifetime of these projects.

MARAE CONNECTIVITY

Approved	\$14.4 million
Paid	\$14.4 million

Marae in Rotorua – Bay of Plenty (photo taken from Te Puni Kōkiri website)

Crown Infrastructure Partners (CIP) administered \$12.5 million in funding from the PGF, CRRF and their own co-funding, to establish broadband connections, and purchase hardware for 566 marae. Prior to the implementation of this programme, a large number of rural marae had no internet connection, severely limiting opportunities to participate in an increasingly digital world.

Improving connectivity of marae is an important step to help lift productivity potential and support rangatahi and whānau learn the skills they need to participate in the modern workforce, as well as aiding social cohesion and cultural connections and providing access to key services.

An additional \$1.9 million was invested in technical support and training to support the marae connectivity works. This included the delivery of a series of workshops for marae representatives to help them understand the new technology. This training ensured users could be comfortable using broadband for video conferencing and social media, and taught them how to manage connection issues and internet safety. The workshops focused on intergenerational shared learning, with kaitiaki encouraged to bring rangatahi with them.

The programme is ongoing, with all marae expected to be connected by the end of 2022. The programme has been so well received that further funding has been sought through CRRF, CIP and Budget 2022 to connect marae that have not yet been engaged or are in remote locations.

Project highlights

RBI2/MBSF

Approved	\$34.5 million
Paid	\$18.1 million

Te Arai Cell Tower – Tairāwhiti (photo taken from NZ Herald article)

CIP, the Rural Connectivity Group (RCG) - a joint venture between Spark, Vodafone and 2Degrees - and 15 regional Wireless Internet Service Providers (WISPs), received a \$34.5 million grant through the PGF to support the RBI2/MBSF. The \$50 million Telecommunications Development Levy was extended to the 2018/19 financial year to provide additional funding for this project.

The first phase of the project, which commenced in 2011, delivered faster broadband to priority users and communities. This PGF investment aims to provide mobile and internet connections to 90,000 rural households and businesses by December 2023 and will focus on delivering mobile coverage to the main State Highways and tourism areas.

The three mobile operators will be able to access the MBSF sites, ensuring customers can experience improved coverage, regardless of their chosen provider. These sites will allow many Kiwis to share the social and economic benefits of mobile coverage and will improve travel safety and emergency response capability in rural areas.

This programme is still ongoing with a projected end date of December 2023. As at June 2022, over 75,000 rural households and businesses were connected, as well as 95 tourism sites and 1,059 kilometres of State Highway.

RBI2/MBSF IN THE CHATHAM ISLANDS

Approved	\$8.8 million
Paid	\$8.6 million

Chatham Islands (photo taken from Spinoff article)

CIP received a \$8.8 million grant through the PGF as part of the RBI2/MBSF programme to install ultra-fast broadband and mobile services to residents and visitors to the Chatham Islands. This programme has provided a reliable digital connection between Chatham and Pitt Islands and mainland Aotearoa New Zealand.

A new satellite link, satellite dish and five cell sites have been installed around the main island. These services will enable other modern technologies including 4G wireless broadband, mobile voice, data and text services. There is emergency calling available on the island for the first time and all three mobile networks will now be able to contact emergency services from mobiles, not just landlines. All three schools on the island, two marae and the airport will also receive coverage.

In addition to the PGF investment, the programme received funding through the RCG and Rural Broadband programme. These Government initiatives aimed to provide better coverage for business and households in small rural communities and support the way of life in the regions.

The project was completed in December 2021. As the satellite backhaul link is showing high utilisation during busy hours, the project will require close monitoring going forward and the islanders will continue to adjust their lifestyles to best utilise the digital connectivity now available to them.

Project highlights

WEST COAST UFB & MOBILE

Approved	\$6.1 million
Paid	\$2.2 million

West Coast (photo taken from Bill Bennett Tech Journalism article)

As an extension of the Government’s initial UFB scheme, CIP received a \$6.1 million grant through the PGF to install UFB and upgrade mobile towers in the West Coast. This funding ensures rural businesses are equipped with tools to be more innovative and productive, and support the region’s recovery from COVID-19 impacts.

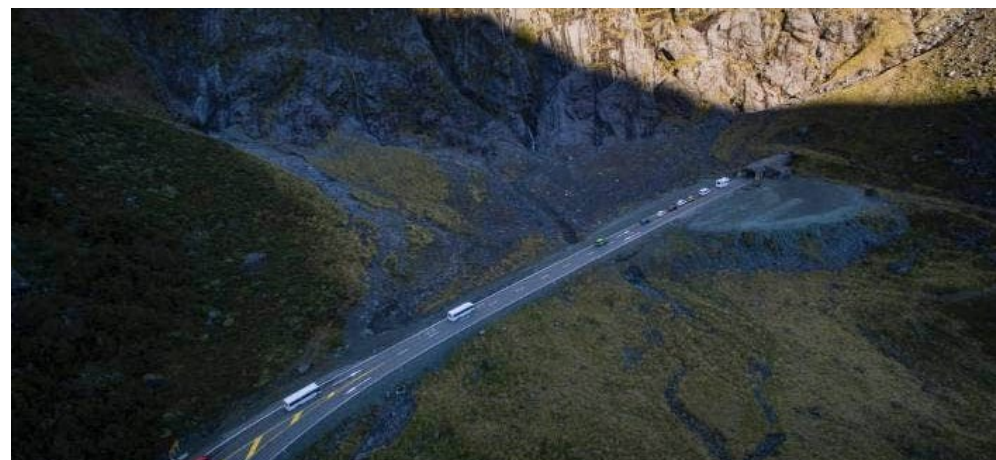

CIP contracted providers to install fibre-to-the-premise broadband connections and upgrade or replace five mobile towers. This programme is enabling social inclusion and increasing health and safety for locals and visitors in areas away from the main city infrastructure. The investment is part of the \$44.8 million PGF boost for South Island connectivity announced in November 2018. Modern economies need extensive communication networks to thrive and these services will increase the chance of sustainable employment for local people, creating better paying jobs to support rural-based families.

In June 2022, the UFB component of the programme was completed ahead of schedule. The mobile tower at the Historic Dunollie Hotel (Grey District) is now live, with the towers at Roaring Billy Falls and Clarke’s Bluff scheduled for later in 2022. RCG is working with the Department of Conservation and the local WISP site on the Pike River tower. The fifth tower at Punakaiki will be the last to be completed.

The contract for the mobile towers is due to end in late 2023.

FIBRE LINKS

Approved	\$49.5 million
Paid	\$40.9 million

State Highway 94 – Southland (photo taken from Stuff article)

CIP received \$39.5 million through the PGF to build two new regional fibre links from Fox Glacier to Lake Hawea (approximately 240 kilometres) and from Te Anau to Milford Sound (approximately 120 kilometres). This access to better digital services is part of ensuring sustainable employment and better paying jobs in the West Coast and Southland regions.

The scheme also received \$10 million from the RIO fund which builds on the existing projects and will provide connections between 11 mobile towers, enabling greater internet coverage to the Fiordland community.

The upgraded capacity and resilience these new fibre links will provide to the West Coast and Southland reflect the Government’s ongoing commitment to improving critical telecommunications infrastructure in the regions. Chorus, which has been contracted to install the fibre links, has ensured this programme links with other projects in the area, including working with Waka Kotahi and the Milford Road Alliance to align the build with repairs being made to the Milford - Te Anau Highway and the Homer Tunnel Upgrade.

Chorus completed the Milford Fibre Link, from Fox Glacier to Lake Hawea and Haast in March 2022, deploying a total of 247 kilometres of fibre. In May, Chorus deployed 83 kilometres of fibre on the Te Anau to Milford link.

This route is likely to be complete in early 2023.

Kānoa – RDU Project Status Report

This report provides an overview of Kānoa – RDU project portfolios. Kānoa – RDU has a role in the management of six key funds¹ and has **1,717** projects under management for a combined total of **\$4,359.8m** as at **28 August 2022**².

<p>PROVINCIAL GROWTH FUND <i>To accelerate regional development, increase regional productivity and contribute to more, higher-paying jobs.</i></p> <p> \$3,029.0m Total Fund \$3,012.8m Approved³ \$2,946.0m Contracted \$2,055.2m Paid</p> <p> 1,354 approved projects</p>	<p>COVID-19 RESPONSE AND RECOVERY FUND INFRASTRUCTURE REFERENCE GROUP <i>To support construction-ready infrastructure projects and accelerate construction-related spend.</i></p> <p> \$702.0m Total Fund \$699.3m Approved³ \$678.2m Contracted³ \$386.3m Paid</p> <p> 168 approved projects</p>	<p>WORKER REDEPLOYMENT <i>To create immediate jobs and income growth with high visibility to the community giving public confidence economic activity is underway.</i></p> <p> \$99.5m Total Fund \$96.4m Approved \$96.4m Contracted \$86.2m Paid</p> <p> 87 approved projects</p>
<p>STRATEGIC TOURISM ASSETS PROTECTION PROGRAMME <i>To protect the assets which form the core of essential tourism offerings to ensure their survival through the disruption caused by COVID-19.</i></p> <p> \$118.8m Total Fund \$105.5m Approved³ \$105.5m Contracted³ \$99.7m Paid³</p> <p> 74 approved projects⁴</p>	<p>REGIONAL INVESTMENT OPPORTUNITIES (NZ UPGRADE PROGRAMME) <i>To support regional economic development through infrastructure as part of the Governments \$12 billion Capital Investment Package.</i></p> <p> \$210.5m Total Fund \$210.0m Approved \$194.1m Contracted \$142.5m Paid</p> <p> 18 approved projects</p>	<p>REGIONAL STRATEGIC PARTNERSHIP FUND <i>To support regional economies to be more productive, resilient, sustainable, inclusive and Māori-enabling.</i></p> <p> \$200.0m Total Fund \$46.2m Approved \$2.0m Contracted \$2.0m Paid</p> <p> 16 approved projects</p>

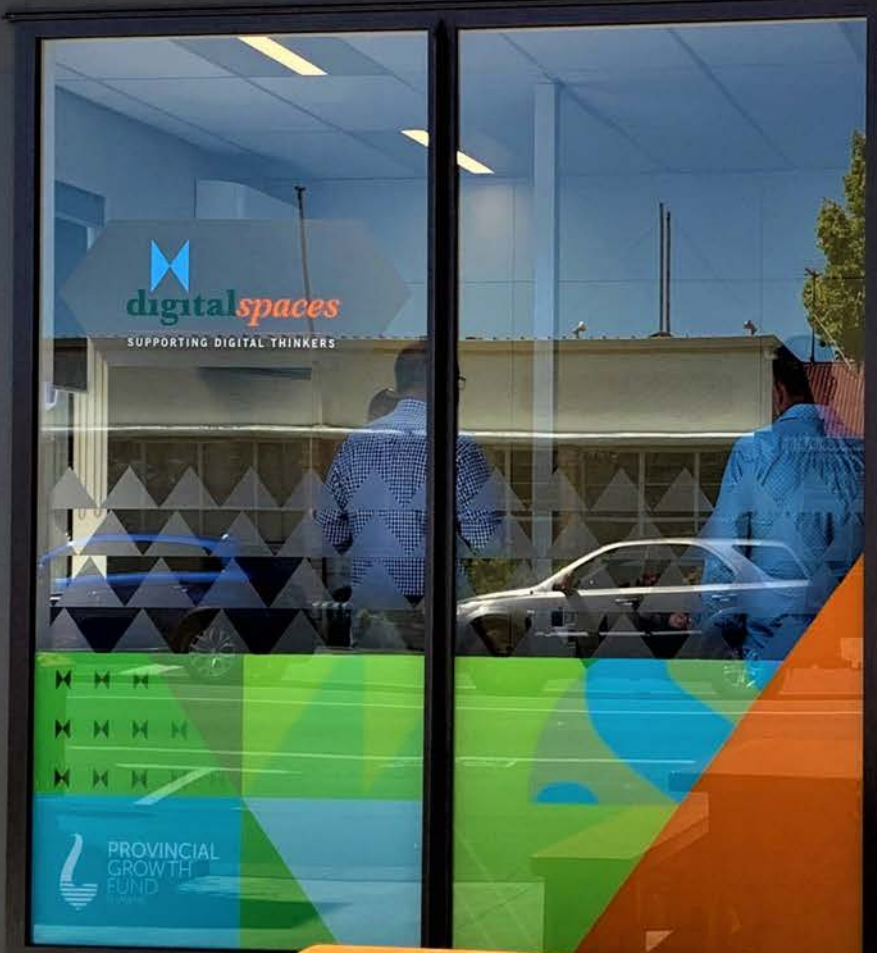

Definitions: Total Funding - the value appropriated into the relevant fund to administer; Approved Funding - funding approved at an individual project level; Contracted Funding - funding written into signed agreements with recipients or transferred to a partner agency to administer; Paid - funding disbursed from the relevant agency to the recipient.

¹ Kānoa – RDU administers the Sector Workforce Engagement Programme which has a baseline funding of \$4.258m at SUPPS 2021/22. However, this funding is all operational expenses and as such, has been removed from this report. Kānoa – RDU also administers the Queenstown Economic Transformation & Resilience fund which totals \$20m, with two projects approved.

² Partner Agency data as at 31 July 2022, Kānoa – RDU data as at 28 August 2022.

³ The Provincial Growth fund approved, contracted and paid amounts have increased while the COVID-19 Response and Recovery Fund and Strategic Tourism Assets Protection Programme's (STAPP) approved, contracted and paid amounts have decreased due to the transfer of OPEX funding to the PGF. This transfer consolidates all approvals, contracted and paid amounts from Kānoa – RDU's OPEX funding to now fall under the PGF for consistent reporting across the funds.

⁴ The STAPP approved project count has decreased due to the withdrawal of five projects.

Regions overview

The following pages provide headline data for each region and the full list of approved projects by region.

The project lists are now available on growregions.govt.nz and are updated monthly.

All contracted active projects	
Total active projects	919
% of active projects that have received funding	98.37%
Total closed projects	749

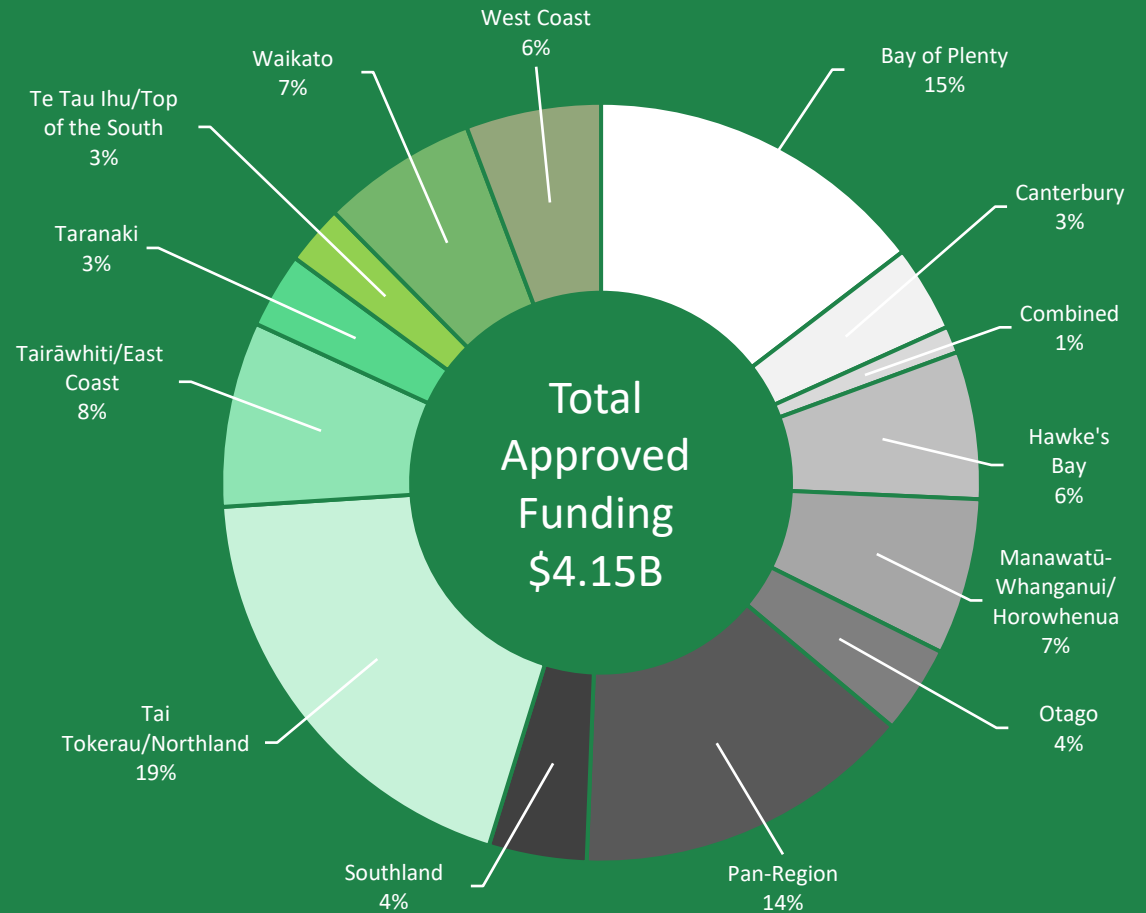

Kānoa
Regional Economic Development
& Investment Unit

Please Note:

1. For the purpose of this report, active projects have been defined as those which are contracted.
2. The 'Combined' section of the donut chart represents regions which received less than 1% of the total approved funding. These regions are: Kāpiti, Chatham Islands and Wairarapa.
3. Kānoa – RDU uses a parent/child structure to record and monitor project types where there are inter-related contracts. This structure is used when dealing with the following situations:
 - Where there is one application for multiple projects. This will ensure the correct funding amount is captured.
 - If there is one project or contract reliant on funding from multiple allocations. This will ensure we can accurately report on each funding stream.
 - When there is one project or contract relying on multiple funding types. This will ensure we can accurately report on each funding type.
 - In the case where a single contract covers multiple projects, for example, clusters of separate marae.

Investment by Region

Sectors overview

The following pages provide the full list of approved projects by sector.

Please note:

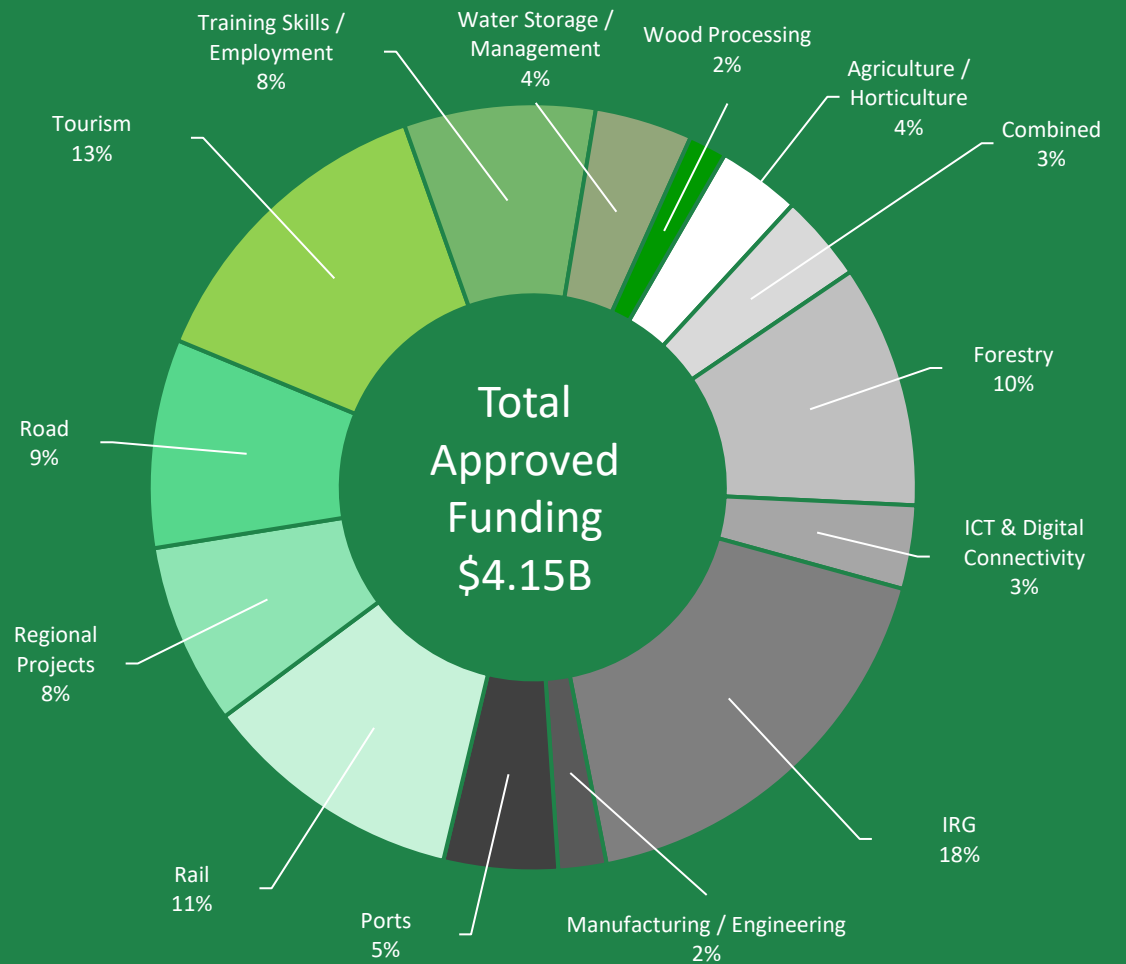

1. Both parent and child values are retained and some parent/child deals may not always fall under the same sector.
2. Capability and Capacity projects have been included in the Training Skills/Employment sector.
3. The total approved figure of \$4.14 billion includes operating costs which are excluded from the individual sector breakdowns.
4. The 'Combined' segment of the donut chart represents sectors which each received 1% or less of the total approved funding. These sectors are: Advanced Manufacturing/Agri-tech, Airports, Aquaculture, Construction, Energy, Energy/Manufacturing/Engineering, Forestry/Wood processing, Geothermal, Mining, Research & Development and Waste/Recycling.
