Q1

Personal Information

Name	William Grant
Email Address	william.grant@canterbury.ac.nz

Q2**No**

Are you making this submission on behalf of a business or organisation?

Q3**Yes**

Would you like to be kept informed of the outcome of the Space Policy Review?

Q4**Yes**

Are you happy for MBIE to contact you if we have questions about your submission?

Q5**Respondent skipped this question**

Privacy

Q6

Release of Information

I understand that if there is other information in this submission that I do not wish to be released, I will email this to spacepolicyreview@mbie.govt.nz with the subject line "Release of information", together with my reasons for withholding the information and grounds under the Official Information Act 1982, for consideration by MBIE

Page 4: New Zealand's interests in space

Q7

What are your interests and relationship to space? Pick as many as apply below:

- General interest in space,**
- Have cultural connections to space,**
- Academic involvement on space issues**

Q8

Please note any other interests and relationship to space below that you would like to share.

Respondent skipped this question

Page 5: New Zealand's values in space

Q9

To what extent do you agree or disagree that these values should apply to New Zealand's space activities and engagements?

Innovation	Strongly agree
Responsibility	Strongly agree
Stewardship	Strongly agree
Partnership	Strongly agree

Q10

Are there any other values, or aspects of kaitiakitanga (guardianship), that you think should apply to New Zealand's space activities and engagements? For example, cultural values regarding space.

Mauri of Space. This may be seen as an indicator of our tiaki of outer space, near earth environment and celestial bodies.

Page 6: New Zealand's space policy objectives

Q11

Rank these key policy objectives in order of importance to you: Click and drag to reorder the objectives from 1 (most important) to 5 (least important)

Growing an innovative and inclusive space sector	2
Modelling sustainable space and Earth environments	3
Promoting the responsible uses of space internationally	1
Protecting and advancing our national security and economic interests	4
Regulating to ensure space activities are safe and secure	5

Page 7: Growing an innovative and inclusive space sector

Q12

To what extent do you agree or disagree that these policy objectives will help the New Zealand government to grow an innovative and inclusive space sector?

- Promoting New Zealand's natural advantage for conducting space activities, and research and development expertise across the space value chain **Strongly agree**
- Partnering within New Zealand and internationally to increase research and development capabilities **Agree**
- Identifying opportunities to increase diversity in the space sector **Strongly agree**
- Using cutting-edge space technology and space sourced data to support New Zealand's values and interests **Strongly agree**

Q13

Do you have any comments on these policy objectives? (e.g. any suggested change to how they are framed? Is there anything missing?)

There needs to be a framing that supports not only identifying opportunities for diversity, but also access to diverse thinking and understanding about space. Reference to mana whenua.

Q14

Are there any other policy objectives that you think would help the New Zealand government to grow an innovative and inclusive space sector?

The development of mātauranga in the development of space activities, research and expertise.

Q15

Respondent skipped this question

Do you have any questions or comments about what these objectives would mean in practice?

Page 8: Promoting the responsible uses of space internationally

Q16

To what extent do you agree or disagree that these policy objectives will help the New Zealand government to promote the responsible uses of space internationally?

- Advocating for effective international rules, norms and standards in space **Strongly agree**
- Partnering with like-minded launch states to adopt peaceful, responsible and sustainable space practices **Strongly agree**
- Collaborating internationally to increase New Zealand's influence and capabilities in the global space sector **Strongly agree**

Respondent skipped this question

Are there any other policy objectives that you think would help the New Zealand government to ensure space activities are safe and secure?

Q31

Respondent skipped this question

Do you have any questions or comments about what these objectives would mean in practice?

Page 12: Regulating in line with our national interests

Q32

Are there any comments you would like to make about these criteria that inform consideration of the national interest?

The Treaty of Waitangi should be a consideration. This will also help guide and define our responsibility to indigenous peoples, mana whenua, and also the protection of taonga, knowledge in outer space as well as equitable access.

Q33

Respondent skipped this question

What questions do you have about how the national interest is considered in practice?
