Page 16: General comments

Q62

Are there any other comments you would like to make about the proposed freedom camping regulations?

Last year's Queenstown Lakes District Council Quality of Life Survey, showed 40% of respondents wanted to see better management of freedom camping to help manage the impact of tourism in the district. It is a privilege to participate in freedom camping in our beautiful region that should only be done responsibly and respectfully, leaving no trace. We support the measures being taken to protect the environment by ensuring self-contained vehicles are regulated, however this limits the effectiveness of the bill as vehicles are only one part of freedom camping.
