Page 16: General comments

**Q62**

Are there any other comments you would like to make about the proposed freedom camping regulations?

Stupid rule they's is no difference with a portable toilet and fix toilet you are targeting the middle income people of New Zealand who enjoy camping and motor homing in they own country by this stupid rule and they are not enough camp grounds for everyone to go too

How are you going to control the average Kiwi from pooing in the bush or sand dunes when at the beach and riversides maybe put more toilets in instead of disadvantage people with portable toilet

Make all self contain area where they are no toilet let's see how the big motorhome use they fix toilet and leave the areas with toilets for motorhome with portable toilet that should be interesting look after the average New Zealander not just the rich
