Part 2 of the discussion document: section 254

	Matter	Question
1	<i>Prescribing information that must be included or provided</i>	Do you have any comments on MBIE's proposals regarding regulations under section 254(1)(a)?
		<p>We do not agree that the regulations should require the society's "membership figure at the time of filing should be disclosed".</p> <p>Our objection is because there is no useful purpose for MBIE to collect the information; and because membership figures can be calculated in different ways and is open to interpretation.</p> <p>For example, in a society like ours which has a mix of individual members and corporate members, the definition of membership can be open to interpretation. A franchise or Coop may be be a corporate member of our society. The individual members of that franchise may consider themselves to be members, but a group membership fee may be paid. In this case, is MBIE considering the members to be the individual firms (whose details we may not necessarily hold), or the group membership? In other cases, there may be no group membership, but we could have dozens of franchise members individually holding their own memberships.</p> <p>It is unclear why MBIE would want this information, and there is significant scope for interpretation with the result that the figures are not particularly useful.</p> <p>If MBIE is endeavouring to establish whether a society meets the minimum membership threshold, we recommend that that it simply ask the question: "Do you meet the minimum membership numbers to remain registered as a society."</p>
