**RE: Seishin-Ryu Karate New Zealand Incorporated – AK287073**

Our clubs President, Secretary and Treasurer attended the consultative seminar held on the 4<sup>th</sup> May 2016 at Heritage Hotel, Auckland to discuss the Incorporated Societies Exposure Draft. There was some discussion regarding annual returns.

Our club would like to make a submission under clause 85, page 40, Annual returns (highlighted below) to exclude societies whose incomes are less than \$15,000/pa from filing an annual return. Please see our suggestion highlighted in red.

**Annual return**

**85 Annual returns**

- (1) Every society must, in the prescribed manner, ensure that an annual return is given to the Registrar for registration.**
- (2) The annual return must contain the prescribed information.**
- (3) This section does not apply to a charitable entity or to a society whose income is less than \$15,000/pa.**

I have in copy our club President and Treasurer. Please feel free to contact me if you have any queries.
