

HON. MEGAN WOODS
MINISTER OF ENERGY

DEAR MINISTER

I SEE THE GOVERNMENT IS HAVING AN ELECTRICITY PRICE REVIEW. IT IS APPARENT THAT THE LOW USER FIXED DAILY CHARGE IS UNDER SCRUTINY. THIS LOW USER RATE IS THE ONLY FINANCIAL INCENTIVE THERE IS THAT ENCOURAGES CONSUMERS TO CONSERVE ENERGY. IF THE LOW USER RATE IS ABANDONED THE SENSIBLE WAY TO CHARGE FOR ELECTRICITY IS AN ALL INCLUDED UNIT PRICE, THAT IS METERING, DELIVERY ETC ALL INCLUDED IN THE UNIT PRICE. THIS PER UNIT USED PRICE WILL GIVE CONSUMERS THE INCENTIVE TO INVEST IN EFFICIENT APPLIANCES, LIGHTING ETC. THE REDUCTION IN POWER CONSUMED WILL RESULT IN A POWER BILL REDUCTION OF THE SAME PROPORTION. SURELY A MUCH FAIRER SYSTEM THAN THE PRESENT ONE.

I SINCERELY HOPE MY IDEAS ON FAIR POWER PRICING WILL BE CONSIDERED IN THE REVIEW.

YOURS FAITHFULLY

Colin Bullard
