Have you experienced problems with ticket resale?

No, I have never purchased resale tickets before

Please share your experiences, either positive or negative

I never buy resale tickets I'd rather just not go than pay extortionate pricing

Your views on the issues

Are these problems serious enough to require changes to the law or industry practices?

Yes

Tell us what you think

Resale tickets should never be more than the purchase price.. It would put an end to all scalpers and bots

Your views on the options, and the pros and cons

Price cap on resale tickets:

Option A: Face value + 10%, or Original sale price (whichever is lower)

Why did you choose the option above? Please explain

Because people buy out all the tickets just to make money off those who missed out

More information disclosure: Do you agree with this option? Why or why not?

More info is always better

Ban on ticket-buying bots: Do you agree with this option? Why or why not?

Ban the bots!!!!

Joint industry-government actions: Do you agree with this option? Why or why not?

Not sure what that means

Are there other solutions that would work well?

Just ban profits on tickets. Can only sell for purchase price
