## Responses to discussion document questions

1	Do you have any comments of our assessment of the options for approaching directors' residential addresses on the Companies Register?
	I think that is a great thing to listen what we are saying
2	What is your preferred option?
	I think Companies Register shouldn't disclose Director's residential address to any non government third parties without a court order
3	Are there interested parties who may have a legitimate reason to need to access directors' residential addresses? If so, who?
	No, I don't think so
4	Is there a public interest in directors' residential addresses being provided to third parties such as journalists?
	No, I don't think so
5	Under what circumstances should directors' residential addresses be released to an interested party?
	Director's residential addresses should be released to relevant government agencies and only with the acceptable permission (court order etc) to other third parties.
6	Do you agree that government departments and agencies should have automatic access to directors' residential addresses? No, only relevant government departments and agencies

7	Should this access be limited to the enforcement of law or are there other situations where it may be appropriate for government departments and agencies to have access to directors' residential addresses?
	This access should be limited to the enforcement of law
8	Are there other factors which you think should be included in considering approaches to directors' residential addresses in historic documents?
	No
9	Do you agree with our preferred approach to historic documents on the companies register?
	N/A
10	Have you encountered situations where you consider that members of the public have abused this provision? If so, please provide details.
	No, not from the member of the public but a lot of online scammers actively searching personal information, residential addresses etc, so disclosing personal information on a website should be considered breaching a privacy act
11	Do you agree that shareholders' residential addresses should be treated the same way as directors' residential addresses (ie replaced with an address for service)?
	YES
12	Are there circumstances where third parties might have a legitimate interest in the residential address of a shareholder?
	No, I don't think so
13	Do you think any changes need to be made to the residential address requirements for officers of other types of entities?
	Yes
