Vision

Do you agree or disagree with the overall vision for the minerals and petroleum sector in New Zealand?

Disagree

Why?

Minerals perhaps, but in terms of petroleum, we should be moving away from it, and towards the sustainable energy we'll need very soon.

What is your vision for the minerals and petroleum sector in New Zealand?

How can New Zealand sustainably derive value from its petroleum and minerals resources?

Objectives for the minerals and petroleum sector

Objective for a sector that: "Responsibly delivers value for New Zealand (a) Supporting a productive, sustainable and inclusive economy (b) Supporting New Zealand's transition to a carbon neutral economy".

Agree

Why?

Objective for a sector that: "Is productive and innovative".

Disagree

Why?

Objective for a sector that: "Is effectively regulated".

Strongly agree

Why?

Are there any other objectives for the minerals and petroleum sector that you would like us to consider in the strategy?

Guiding principles

Principle: The environment, ecosystems, and biodiversity are respected now and in the long term.

Strongly agree

Why?

Principle: Māori cultural interests are understood and respected.

Agree

Why?

Principle: Support the transition to a carbon neutral economy by 2050.

Strongly agree

Why?

This is the single most important thing here. Without this, nothing else matters.

Principle: The impact on people, communities and regions are managed in a just and inclusive way.

Neither agree nor disagree

Why?

Principle: Support a circular economy by meeting resource needs through resource efficiency, recycling and reuse.

Strongly agree

Why?

Principle: Actions taken within the mineral and petroleum sector should align with the strategic direction of other related sectors and Government strategies.

Strongly agree

Why?

Specifically climate related strategies.

Do you agree or disagree with each of the following principles for the Crown?

Principle: The Crown honours its duty towards Māori as a Treaty partner, adheres to the Principles of the Treaty of Waitangi and its duty to meet settlement commitments.

Agree

Why?

Principle: The Crown receives a fair financial return for its minerals and petroleum.

Strongly agree

Why?

Principle: The Crown regulates in a way that is fair, transparent, reasonable and proportionate.

Agree

Why?

Principle: The Crown honours the rights of current permit holders to continue production or exploration activities under existing permits.

Disagree

Why?

At this point I think we've permitted more than is wise, we should be getting out of this business ASAP

Principle: The Crown makes policy decisions based on the best evidence, and accounting for the foreseeable need for minerals and petroleum, both now and for future generations.

Agree

Why?

Remember that "Needs for petroleum" vs amounts that can actually safely be used are two very different things.

Principle: The Crown proactively engages and consults with relevant stakeholders and decisions are communicated in a clear and transparent way.

Agree

Why?

Do you agree or disagree with each of the following principles for Industry?

Principle: Pursue continuous improvements in health and safety.

Agree

Why?

Principle: Strive to implement industry best practice in operations.

Agree

Why?

Principle: Seek innovative ways to improve the resource efficiency of extraction operations; and minimise the negative impacts of these operations.

Strongly agree

Why?

Principle: Engage with stakeholders and implement management systems to understand and manage impacts, and realise opportunities for redress where needed.

Agree

Why?

Are there any other principles you would like us to consider in the strategy?

Climate should sit number 1 in all these decisions. It doesn't matter how strong our economy is if the planet is borderline uninhabitable

Action areas intro

Action Area: Modernising the Crown Minerals Act

Neither agree nor disagree

Why?

What future actions would you like us to consider under this Action Area?

Action Area: Securing affordable resources to meet our minerals and energy needs

Disagree

Action Area: Improving stakeholder and community engagement

Neither agree nor disagree

Why?

What future actions would you like us to consider under this Action Area?

Action Area: Improving industry compliance

Agree

Why?

What future actions would you like us to consider under this Action Area?

Action Area: Research and investment in better mining and resource use

Agree

Why?

What future actions would you like us to consider under this Action Area?

Mining, yes. But in terms of petroleum/energy, there must be a huge R&D/investment focus in transitioning away from these sectors/energy sources.

Are there any other action areas you would like us to consider as part of advancing this Strategy?

Other

Are there any other comments you would like to make about the “Minerals and Petroleum Strategy for Aotearoa New Zealand: 2019-2029”?

If climate isn't the number 1 concern of this strategy, then your priorities are all wrong.
