Vision

Do you agree or disagree with the overall vision for the minerals and petroleum sector in New Zealand?

Strongly disagree

Why?

There is no sustainable way of using fossil fuels and mining oil and minerals. The affected on the planet are devastating. We must change to non pollutants immediately for any chance of clearing the atmosphere and reducing carbon.

What is your vision for the minerals and petroleum sector in New Zealand?

Changing to reusable material, recycling, innovative ways of using what has already been removed from the ground instead of pulling more out.

How can New Zealand sustainably derive value from its petroleum and minerals resources?

We should remove reliance on that sector diversifying into other areas such as innovation, communications, science for our financial benefits.

Objectives for the minerals and petroleum sector

Objective for a sector that: "Responsibly delivers value for New Zealand (a) Supporting a productive, sustainable and inclusive economy (b) Supporting New Zealand's transition to a carbon neutral economy".

Strongly agree

Why?

New industries that support zero carbon will provide huge amounts of new jobs if the infrastructure is updated to accomodate and encourage clean technology

Objective for a sector that: "Is productive and innovative".

Strongly agree

Why?

as above

Objective for a sector that: “Is effectively regulated”.

Strongly agree

Why?

corporations will not do the regulating for themselves. Their priority is to their shareholder profits. to shareholder proffit.

Are there any other objectives for the minerals and petroleum sector that you would like us to consider in the strategy?

accountability for all damage done and heafy fines as deterants.

Guiding principles

Principle: The environment, ecosystems, and biodiversity are respected now and in the long term.

Strongly agree

Why?

Its all we have.

Principle: Māori cultural interests are understood and respected.

Strongly agree

Why?

They wrte here first

Principle: Support the transition to a carbon neutral economy by 2050.

Neither agree nor disagree

Why?

It needs to be sooner than that. Step it up to 2030

Principle: The impact on people, communities and regions are managed in a just and inclusive way.

Strongly agree

Why?

Principle: Support a circular economy by meeting resource needs through resource efficiency, recycling and reuse.

Strongly agree

Why?

Principle: Actions taken within the mineral and petroleum sector should align with the strategic direction of other related sectors and Government strategies.

Strongly agree

Why?

an intetgrated approach accross the board

Do you agree or disagree with each of the following principles for the Crown?

Principle: The Crown honours its duty towards Māori as a Treaty partner, adheres to the Principles of the Treaty of Waitangi and its duty to meet settlement commitments.

Strongly agree

Why?

Principle: The Crown receives a fair financial return for its minerals and petroleum.

Neither agree nor disagree

Why?

yes if there has to be any industry at all of that nature in this country

Principle: The Crown regulates in a way that is fair, transparent, reasonable and proportionate.

Neither agree nor disagree

Why?

To whom? Us or the industry? Cant do both.

Principle: The Crown honours the rights of current permit holders to continue production or exploration activities under existing permits.

Strongly disagree

Why?

They need to be stopped NOW!

Principle: The Crown makes policy decisions based on the best evidence, and accounting for the foreseeable need for minerals and petroleum, both now and for future generations.

Strongly disagree

Why?

We need to get rid of our reliance on them not plan for more in the future.

Principle: The Crown proactively engages and consults with relevant stakeholders and decisions are communicated in a clear and transparent way.

Strongly agree

Why?

Do you agree or disagree with each of the following principles for Industry?

Principle: Pursue continuous improvements in health and safety.

Strongly agree

Why?

He Tangata

Principle: Strive to implement industry best practice in operations.

Strongly agree

Why?

Principle: Seek innovative ways to improve the resource efficiency of extraction operations; and minimise the negative impacts of these operations.

Neither agree nor disagree

Why?

Best way to minimize is to stop it.

Principle: Engage with stakeholders and implement management systems to understand and manage impacts, and realise opportunities for redress where needed.

Why?

Are there any other principles you would like us to consider in the strategy?

Action areas intro

Action Area: Modernising the Crown Minerals Act

Strongly agree

Why?

What future actions would you like us to consider under this Action Area?

Banning extraction

Action Area: Securing affordable resources to meet our minerals and energy needs

Disagree

Why?

We need to change our needs to exclude fossil fuels and change our usage patterns not continue on down the same road after a bit of tidying up.

What future actions would you like us to consider under this Action Area?

Encourage the minimisation of consumerism. Change the economic indicators and decide our wealth based on different principals

Action Area: Improving Treaty partnership

Strongly agree

Why?

What future actions would you like us to consider under this Action Area?

Action Area: Improving stakeholder and community engagement

Strongly agree

Why?

Unless you listen to the people you will listen to the corporations and nothing will change for long.

What future actions would you like us to consider under this Action Area?

Action Area: Improving industry compliance

Strongly agree

Why?

Keep them honest

What future actions would you like us to consider under this Action Area?

Action Area: Research and investment in better mining and resource use

Strongly agree

Why?

What future actions would you like us to consider under this Action Area?

Are there any other action areas you would like us to consider as part of advancing this Strategy?

Other

Are there any other comments you would like to make about the “Minerals and Petroleum Strategy for Aotearoa New Zealand: 2019-2029”?

If you wish to, attach a document to this submission.

Use and release of information

We intend to upload submissions to our website at www.mbie.govt.nz. Can we include your submission on the website?

Yes

Can we include your name?

No

Can we include your email address?

No

Can we include your business name or organisation?

No

Can we include your position title?

No

Can we include the group you most identify with (if submitting as an individual)?

No

Can we include the group your submission represents (if submitting on behalf of a group or organisation)?

If there are any other parts to your submission that you do not want public on the website please note them below:
