Vision

Do you agree or disagree with the overall vision for the minerals and petroleum sector in New Zealand?

Neither agree nor disagree

Why?

This is just another slogan with no specific message or strong commitment.

What is your vision for the minerals and petroleum sector in New Zealand?

We need to legally control the actions of the sector to reduce the destructive behaviour shown all around the globe.

How can New Zealand sustainably derive value from its petroleum and minerals resources?

We should aim for a more sustainable source of energy and income in the future.

Objectives for the minerals and petroleum sector

Objective for a sector that: “Responsibly delivers value for New Zealand (a) Supporting a productive, sustainable and inclusive economy (b) Supporting New Zealand's transition to a carbon neutral economy”.

Strongly agree

Why?

Objective for a sector that: “Is productive and innovative”.

Agree

Why?

Objective for a sector that: “Is effectively regulated”.

Strongly agree

Why?

Are there any other objectives for the minerals and petroleum sector that you would like us to consider in the strategy?

Guiding principles

Principle: The environment, ecosystems, and biodiversity are respected now and in the long term.

Strongly agree

Why?

Principle: Māori cultural interests are understood and respected.

Strongly agree

Why?

Principle: Support the transition to a carbon neutral economy by 2050.

Strongly agree

Why?

Principle: The impact on people, communities and regions are managed in a just and inclusive way.

Strongly agree

Why?

Principle: Support a circular economy by meeting resource needs through resource efficiency, recycling and reuse.

Strongly agree

Why?

Principle: Actions taken within the mineral and petroleum sector should align with the strategic direction of other related sectors and Government strategies.

Strongly agree

Why?

Do you agree or disagree with each of the following principles for the Crown?

Principle: The Crown honours its duty towards Māori as a Treaty partner, adheres to the Principles of the Treaty of Waitangi and its duty to meet settlement commitments.

Strongly agree

Why?

Principle: The Crown receives a fair financial return for its minerals and petroleum.

Strongly agree

Why?

They are a public good and need to be shared appropriately.

Principle: The Crown regulates in a way that is fair, transparent, reasonable and proportionate.

Strongly agree

Why?

Principle: The Crown honours the rights of current permit holders to continue production or exploration activities under existing permits.

Neither agree nor disagree

Why?

Principle: The Crown makes policy decisions based on the best evidence, and accounting for the foreseeable need for minerals and petroleum, both now and for future generations.

Agree

Why?

Principle: The Crown proactively engages and consults with relevant stakeholders and decisions are communicated in a clear and transparent way.

Neither agree nor disagree

Why?

Who are the stake holders when it comes to climate change?

Do you agree or disagree with each of the following principles for Industry?

Principle: Pursue continuous improvements in health and safety.

Strongly agree

Why?

Principle: Strive to implement industry best practice in operations.

Strongly agree

Why?

Principle: Seek innovative ways to improve the resource efficiency of extraction operations; and minimise the negative impacts of these operations.

Strongly agree

Why?

Principle: Engage with stakeholders and implement management systems to understand and manage impacts, and realise opportunities for redress where needed.

Neither agree nor disagree

Why?

Its not the so called "stake holders" which have to deal with pollution or damage its mostly the public.

Are there any other principles you would like us to consider in the strategy?

The government needs to regulate potential polluters instead of trying to please them.
