Vision

Do you agree or disagree with the overall vision for the minerals and petroleum sector in New Zealand?

Strongly disagree

Why?

Fossil fuels have no future in New Zealand

What is your vision for the minerals and petroleum sector in New Zealand?

I hope to see an investment in renewable sources of energy and an end to fossil fuel excavation and burning.

How can New Zealand sustainably derive value from its petroleum and minerals resources?

Phase out the use of fossil fuels. Invest in solar power and hydro power.

Objectives for the minerals and petroleum sector

Objective for a sector that: “Responsibly delivers value for New Zealand (a) Supporting a productive, sustainable and inclusive economy (b) Supporting New Zealand's transition to a carbon neutral economy”.

Strongly agree

Why?

We live in a climate and ecological crisis and I don't want future generations to suffer

Objective for a sector that: “Is productive and innovative”.

Neither agree nor disagree

Why?

We already have many fossil fuel free solutions which we need implement more heavily in New Zealand

Objective for a sector that: “Is effectively regulated”.

Strongly agree

Why?

It is important that the minerals and petroleum sector are not reckless enough to keep working with fossil fuels

Are there any other objectives for the minerals and petroleum sector that you would like us to consider in the strategy?

Guiding principles

Principle: The environment, ecosystems, and biodiversity are respected now and in the long term.

Strongly disagree

Why?

Any corporation or organisation promoting the use of oil, coal or gas are not showing respect to anyone

Principle: Māori cultural interests are understood and respected.

Why?

Principle: Support the transition to a carbon neutral economy by 2050.

Neither agree nor disagree

Why?

It needs to be sooner than this, we cannot afford to waste time emitting more and more greenhouse gases into the atmosphere and destroying any hope of a future for humans

Principle: The impact on people, communities and regions are managed in a just and inclusive way.

Why?

Principle: Support a circular economy by meeting resource needs through resource efficiency, recycling and reuse.

Why?

Principle: Actions taken within the mineral and petroleum sector should align with the strategic direction of other related sectors and Government strategies.

Why?

Do you agree or disagree with each of the following principles for the Crown?

Principle: The Crown honours its duty towards Māori as a Treaty partner, adheres to the Principles of the Treaty of Waitangi and its duty to meet settlement commitments.

Why?

Principle: The Crown receives a fair financial return for its minerals and petroleum.

Why?

Principle: The Crown regulates in a way that is fair, transparent, reasonable and proportionate.

Why?

Principle: The Crown honours the rights of current permit holders to continue production or exploration activities under existing permits.

Why?

Principle: The Crown makes policy decisions based on the best evidence, and accounting for the foreseeable need for minerals and petroleum, both now and for future generations.

Why?

Principle: The Crown proactively engages and consults with relevant stakeholders and decisions are communicated in a clear and transparent way.

Why?

Do you agree or disagree with each of the following principles for Industry?

Principle: Pursue continuous improvements in health and safety.

Why?

Principle: Strive to implement industry best practice in operations.

Why?

Principle: Seek innovative ways to improve the resource efficiency of extraction operations; and minimise the negative impacts of these operations.

Why?

Principle: Engage with stakeholders and implement management systems to understand and manage impacts, and realise opportunities for redress where needed.

Why?

Are there any other principles you would like us to consider in the strategy?
