Vision

Do you agree or disagree with the overall vision for the minerals and petroleum sector in New Zealand?

Disagree

Why?

It continues to allow new exploration and extraction

What is your vision for the minerals and petroleum sector in New Zealand?

An immediate stop to deepsea drilling and fracking

How can New Zealand sustainably derive value from its petroleum and minerals resources?

More investment in clean energy industries and non extractive resources.

Objectives for the minerals and petroleum sector

Objective for a sector that: “Responsibly delivers value for New Zealand (a) Supporting a productive, sustainable and inclusive economy (b) Supporting New Zealand's transition to a carbon neutral economy”.

Disagree

Why?

(A) is too vague

Objective for a sector that: “Is productive and innovative”.

Neither agree nor disagree

Why?

Not enough detail re innovation

Guiding principles

Principle: The environment, ecosystems, and biodiversity are respected now and in the long term.

Disagree

Why?

The commitment is non binding, vague and lacks urgency

Principle: Māori cultural interests are understood and respected.

Neither agree nor disagree

Why?

The commitment is still token and needs strengthening

Principle: Support the transition to a carbon neutral economy by 2050.

Strongly agree

Why?

It is essential to the future of the planet

Principle: The impact on people, communities and regions are managed in a just and inclusive way.

Agree

Why?

Agree with reservations regarding time frames and levels of subsidy. Throughout history industries have come and gone, this is just one of those times and needs to be accepted.

Principle: Support a circular economy by meeting resource needs through resource efficiency, recycling and reuse.

Strongly agree

Why?

Essential to use what is in existence and stop extracting new resources.

Principle: Actions taken within the mineral and petroleum sector should align with the strategic direction of other related sectors and Government strategies.

Neither agree nor disagree

Why?

Depends on what the strategic direction of the time is

Do you agree or disagree with each of the following principles for the Crown?

Principle: The Crown honours its duty towards Māori as a Treaty partner, adheres to the Principles of the Treaty of Waitangi and its duty to meet settlement commitments.

Strongly agree

Why?

Its is in the best interests of NZ

Principle: The Crown receives a fair financial return for its minerals and petroleum.

Neither agree nor disagree

Why?

Dont know enough

Principle: The Crown regulates in a way that is fair, transparent, reasonable and proportionate.

Disagree

Why?

I would like to see a stronger stance on all new exploration

Principle: The Crown honours the rights of current permit holders to continue production or exploration activities under existing permits.

Why?

Principle: The Crown makes policy decisions based on the best evidence, and accounting for the foreseeable need for minerals and petroleum, both now and for future generations.

Disagree

Why?

As above

Principle: The Crown proactively engages and consults with relevant stakeholders and decisions are communicated in a clear and transparent way.

Neither agree nor disagree

Why?

Dont know

Do you agree or disagree with each of the following principles for Industry?

Principle: Pursue continuous improvements in health and safety.

Why?

Principle: Strive to implement industry best practice in operations.

Why?

Principle: Seek innovative ways to improve the resource efficiency of extraction operations; and minimise the negative impacts of these operations.

Why?

Principle: Engage with stakeholders and implement management systems to understand and manage impacts, and realise opportunities for redress where needed.

Why?
