**Business name or organisation (if applicable):**

**Position title (if applicable):**

**Is this an individual submission or on behalf of a group or organisation?**

Individual

**Please indicate which group you most identify with or are involved in?**

General public

**Please specify the group that you most identify with**

**Please indicate which type of group your submission represents**

**Please specify the group or organisation that your submission is on behalf of.**

**Vision**

**Do you agree or disagree with the overall vision for the minerals and petroleum sector in New Zealand?**

Disagree

**Why?**

There is no distinction made about fossil fuels. They are driving climate change and must go to zero as quickly as possible. Mining of other mineral must be assessed on their environmental and social impacts.

**What is your vision for the minerals and petroleum sector in New Zealand?**

I see no vision for the petroleum section in NZ. Mining of Minerals essential for our transition for a zero carbon economy assessed against environmental and social well being of future generationsia

**How can New Zealand sustainably derive value from its petroleum and minerals resources?**

By being consistent with the Carbon Zero Act

**Objectives for the minerals and petroleum sector**

**Objective for a sector that: “Responsibly delivers value for New Zealand (a) Supporting a productive, sustainable and inclusive economy (b) Supporting New Zealand's transition to a carbon neutral economy”.**

Strongly disagree

**Why?**

It must be assessed against environmental impacts and comply with a carbon neutral economy

**Objective for a sector that: “Is productive and innovative”.**

Neither agree nor disagree

**Why?**

subject assessment of environmental and meeting carbon zero

**Objective for a sector that: “Is effectively regulated”.**

Agree

**Why?**

**Are there any other objectives for the minerals and petroleum sector that you would like us to consider in the strategy?**

It must be cognisant with new Carbon Zero Act

**Guiding principles**

**Principle: The environment, ecosystems, and biodiversity are respected now and in the long term.**

Strongly disagree

**Why?**

They must be protected, we only have this planet

**Principle: Māori cultural interests are understood and respected.**

Disagree

**Why?**

Are consulted, engaged and partnered with

**Principle: Support the transition to a carbon neutral economy by 2050.**

Strongly agree

**Why?**

Essential

**Principle: The impact on people, communities and regions are managed in a just and inclusive way.**

Disagree

**Why?**

It must benefit people, communities and regions

**Principle: Support a circular economy by meeting resource needs through resource efficiency, recycling and reuse.**

Strongly disagree

**Why?**

The environmental impacts of extraction must be costed - Triple bottom line accounting

**Principle: Actions taken within the mineral and petroleum sector should align with the strategic direction of other related sectors and Government strategies.**

Strongly agree

**Why?**

**Do you agree or disagree with each of the following principles for the Crown?**

**Principle: The Crown honours its duty towards Māori as a Treaty partner, adheres to the Principles of the Treaty of Waitangi and its duty to meet settlement commitments.**

Strongly agree

**Why?**

**Principle: The Crown receives a fair financial return for its minerals and petroleum.**

Neither agree nor disagree

**Why?**

No petroleum. Climate and environmental protection must take precedence over revenue to the Crown

**Principle: The Crown regulates in a way that is fair, transparent, reasonable and proportionate.**

Strongly agree

**Why?**

**Principle: The Crown honours the rights of current permit holders to continue production or exploration activities under existing permits.**

Strongly disagree

**Why?**

Not petroleum or coal, we must move to carbon zero.

**Principle: The Crown makes policy decisions based on the best evidence, and accounting for the foreseeable need for minerals and petroleum, both now and for future generations.**

Strongly disagree

**Why?**

Not petroleum or coal, we must move to carbon zero. Climate and environmental protection must take precedence over revenue to the Crown

**Principle: The Crown proactively engages and consults with relevant stakeholders and decisions are communicated in a clear and transparent way.**

Agree

**Why?**

**Do you agree or disagree with each of the following principles for Industry?**

**Principle: Pursue continuous improvements in health and safety.**

Agree

**Why?**

**Principle: Strive to implement industry best practice in operations.**

Disagree

**Why?**

Environmental best practise

**Principle: Seek innovative ways to improve the resource efficiency of extraction operations; and minimise the negative impacts of these operations.**

Neither agree nor disagree

**Why?**

Mitigating Environment and social effects/impacts must be key

**Principle: Engage with stakeholders and implement management systems to understand and manage impacts, and realise opportunities for redress where needed.**

Neither agree nor disagree

**Why?**

**Are there any other principles you would like us to consider in the strategy?**

effective action and procedures to comply with circular economy.

**Action areas intro**

**Action Area: Modernising the Crown Minerals Act**

Agree

**Why?**

Climate and environmental protection must take precedence over revenue to the Crown

**What future actions would you like us to consider under this Action Area?**

**Action Area: Securing affordable resources to meet our minerals and energy needs**

Neither agree nor disagree

**Why?**

subject to climate and environmental protection

**What future actions would you like us to consider under this Action Area?**

**Action Area: Improving Treaty partnership**

Agree

**Why?**

**What future actions would you like us to consider under this Action Area?**

**Action Area: Improving stakeholder and community engagement**

Strongly agree

**Why?**

to ensure compliance with Climate and environmental protection and circular economy

**What future actions would you like us to consider under this Action Area?**

Act on Climate and environmental protection and circular economy

**Action Area: Improving industry compliance**

**Why?**

**What future actions would you like us to consider under this Action Area?**

**Action Area: Research and investment in better mining and resource use**

**Why?**

**What future actions would you like us to consider under this Action Area?**

**Are there any other action areas you would like us to consider as part of advancing this Strategy?**

**Other**

**Are there any other comments you would like to make about the “Minerals and Petroleum Strategy for Aotearoa New Zealand: 2019-2029”?**

**If you wish to, attach a document to this submission.**

**Use and release of information**

**We intend to upload submissions to our website at [www.mbie.govt.nz](http://www.mbie.govt.nz). Can we include your submission on the website?**

Yes

**Can we include your name?**

No

**Can we include your email address?**

No

**Can we include your business name or organisation?**

No

**Can we include your position title?**

No

**Can we include the group you most identify with (if submitting as an individual)?**

Yes

**Can we include the group your submission represents (if submitting on behalf of a group or organisation)?**

**If there are any other parts to your submission that you do not want public on the website please note them below:**

**OIA publishing warning**

**If there is information in your submission that you wish to remain confidential, please note them below:**
